1 OBJECTS OF THE UNIVERSITY

- (a) the provision of [university education, within a context of Catholic faith and values](#); and
 - (b) the provision of an excellent standard of -
 - i. teaching, scholarship and research;
 - ii. training for the professions; and
 - iii. [pastoral care](#) for its students.

2 PURPOSE

- 2.1** This Policy sets out rules for appeals against academic and administrative decisions where a right of appeal is expressly provided to a Student or Prospective Student under the *General Regulations* or other Regulations, Policies and Procedures of the University.

3 SCOPE

- 3.1** This Policy applies to all Students in Programs and Courses offered at The University of Notre Dame Australia.

4 INTERPRETATION

- 4.1** In this Policy, a reference to the date a document is received is to be read pursuant to the provisions contained in the *General Regulations* in relation to service and deemed service of documents.
- 4.2** A reference to a titled Staff Member of the University means that Staff member or delegate/nominee as their responsibilities are delegated or nominated pursuant to the University's delegation schedule and as approved by the Vice Chancellor from time to time.
- 4.3** Where an appeal is specified to be to a titled Staff Member, but that person has made the original decision, the appeal is to be addressed to the Academic Registrar who will allocate the appropriate Staff Member to determine the appeal.

5 GENERAL PRINCIPLES

- 5.1** The University will respond to any appeal made by a student against an academic or administrative decision made by the University or any related third party involved in the delivery of a program or course, where a right of appeal is expressly provided to a Student or Prospective Student under the *General Regulations* or other Regulation, Policy or Procedure.
- 5.2** This Policy does not limit the right of a Student to seek the assistance of an external person or agency to resolve an appeal.
- 5.3** While any appeal (the "Existing Appeal") is being considered or has been referred to an external person or agency, the University may suspend or cease processes or consideration of any

additional appeal (the “Additional Appeal”) until the Existing Appeal has been finalised. In this circumstance:

- 5.3.1 the Existing Appeal and the Additional Appeal must be substantially similar in nature; and
- 5.3.2 a Student must not be prejudiced by the suspension or cessation; and
- 5.3.3 the suspension or cessation must be approved by (where appropriate) the Academic Registrar or executive staff member.

5.4 The University is not compelled to consider:

- 5.4.1 anonymous appeals; or
- 5.4.2 appeals that appear to be of a frivolous nature, or vexatiously or maliciously made; or
- 5.4.3 appeals made on the basis of the judgment of the University staff member who made the decision; or
- 5.4.4 appeals that fail to meet the lodgement requirements set out in Clause 6 of this Policy.

5.5 Students should lodge an appeal as early as possible after notification by the University and within the timelines specified in this Policy.

- 5.5.1 Throughout the appeal process:
- 5.5.2 the University will provide the Student with reasons and a full explanation in writing for decisions;
- 5.5.3 all parties must observe confidentiality, save that the reviewer of the appeal may seek further information that is relevant to the appeal from relevant staff members where appropriate; and
- 5.5.4 the University will treat the appeal seriously, expeditiously, impartially and sensitively, with due regard for Procedural Fairness.

5.6 No person will be victimised or discriminated against because he/she lodges an appeal.

5.7 At any time during the appeals process, the Student may withdraw their appeal. Once withdrawn, the Student cannot raise the matter again unless the Student can provide significant new information relevant to the appeal.

- 6.2.4 provide all relevant supporting documentary evidence (if applicable); and
- 6.2.5 retain a copy of their appeal, any associated documentation and, where possible, evidence of submission.

- 6.3** If supporting documents are provided by the Student after the initial appeal is lodged or if significant investigation or review is required due to the nature of the appeal, the time within which the appeal is to be considered in accordance with this Policy may be extended by the person reviewing the appeal (the Reviewer). In such situations, the Student will be advised of the expected delay.
