

For the health and wellbeing of people and communities in need.

## Basic Statistics using SPSS Version 26 Wednesday, 5<sup>th</sup> February 2020, 1:00pm to 5:00pm Please RSVP by Tuesday 28<sup>th</sup> January 2020

## **Workshop Presenter**

Dr Paola Chivers Research Biostatistician, Institute for Health Research, University of Notre Dame Australia, Fremantle

## **Target audience**

This workshop is suitable for staff, HDR and Honours students who have completed the Introductory SPSS workshop and would like to learn how to use SPSS for basic statistical tests.

#### Prerequisites: Introduction to SPSS Workshop, or working knowledge of SPSS.

#### Aim

There is no getting around statistics. Numbers help us find patterns in data, such as averages and medians. Everyone is exposed to some form of statistic every day, in newspapers, TV, magazines etc. SPSS is a widely available computer software program for analysing quantitative data. This is a half-day workshop and the aim is to provide participants with the skills to perform basic statistical tests using SPSS as the statistical software. This is a hands-on workshop and sample datasets will be provided.

## **Teaching Method**

Presentation, lecture, demonstration, hands-on exercises, question and answer sessions, discussions.

## **Learning Outcomes**

- Apply the basic statistical tools learnt in the introductory course.
  - ° Manipulate variables
  - ° Transform data for analysis
  - Recode and compute variables
  - Describe data
- Understand the basic principles for choosing and conducting basic statistical tests.

- Perform the following basic statistical tests using SPSS:
  - ° Correlation
  - ° Regression
  - ° T-test
  - ° ANOVA
  - ° Chi-square
  - ° Non-parametric alternatives

#### **Workshop Enrolment**

Numbers are limited and places are reserved on a first come, first-served basis. <u>Please note</u>, there are no costs for staff, HDR and Honours students from the <u>University of Notre Dame Australia</u>.

To ensure you secure a place, please email Louisa Smith your registration form.

Louisa Smith, email louisa.smith@nd.edu.au Ph. (08) 9433 0105

Successful attendees will be notified shortly after registration form and payment (if required) is received.

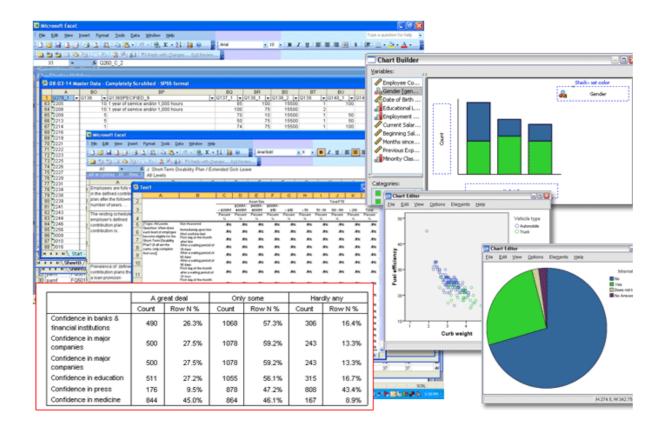

#### Workshop Venue (see last page for map)

University of Notre Dame ND49/103 (ground level of the old Customs Building) Cnr Phillimore and Henry Street Fremantle

### Workshop Fees for External Participants

For external participants there is a fee of \$200 (plus GST) for this half day workshop. Fees include extensive course material, data sets, lectures, use of computing facilities and opportunity to network with fellow researchers.
