3 PURPOSE

These Program Regulations set out the approved requirements for the Master of Burn and Trauma Rehabilitation.

4 OVERVIEW

4.1 Campus Availability
The Master of Burn and Trauma Rehabilitation Award has been approved for delivery on the Fremantle Campus only.

4.2 Student Availability
The Master of Burn and Trauma Rehabilitation is available for enrolment to domestic Students and international Students, except those on a student visa.

4.3 Australian Qualifications Framework
The Master of Burn and Trauma Rehabilitation is a Level 9 AQF qualification.

4.4 Duration
The Volume of Learning for the Master of Burn and Trauma Rehabilitation is two (2) years of equivalent full-time study. A student is able to enrol on a part time basis. An accelerated mode is not available for these Awards

4.5 Maximum Duration
The maximum period of time within which a student is permitted to complete the Master of Burn and Trauma Rehabilitation Award is six (6) years (including any periods of approved leave of absence) from the date on which they were first enrolled into the program by the University.

4.6 Study Mode
The Master of Burn and Trauma Rehabilitation is offered in multimode study mode.

4.7 Professional Accreditation
External accreditation requirements are not applicable to the Master of Burn and Trauma Rehabilitation.

5 ENTRY REQUIREMENTS

5.1 University Admission Requirements
To be eligible for general admission to The University of Notre Dame Australia, all applicants must meet the University's minimum requirements for admission. The requirements for admission are detailed in the University’s Policy: Admissions.

5.2 Specific Program Requirements for Admission
To be eligible for admission to the program, additional entry requirements include:
(a) A Bachelor degree in one of the health sciences/exercise and sports science from an approved institution; and
(b) Employment in an acute or rehabilitation facility accepting burns, plastic surgery, orthopedic and miscellaneous trauma patients, and
(c) Where the applicant does not meet the criteria in 5.2(a) above, the Dean may approve admission to this program if the Dean is satisfied that the applicant has sufficient background and/or experience in the health and/or clinical sciences and that the applicant has the skills necessary to complete postgraduate studies.

6 PRACTICUM OR INTERNSHIP REQUIREMENTS

6.1 There are no Practicum or Internship requirements in this Award.
7 PROGRAM REQUIREMENTS

7.1 Program Learning Outcomes

Upon successful completion of the Master of Burn and Trauma Rehabilitation graduates will be able to:

1. Apply contemporary principles and practices in the management of burn and trauma healing.
3. Select and justify the application of outcome measurements in burn and trauma rehabilitation.
4. Select and justify therapeutic interventions in burn and trauma rehabilitation.
5. Design and implement an outcome measurement framework to review service delivery at a localised facility level.
6. Apply contemporary knowledge and psychosocial strategies in designing optimal exercise prescription and scar management.
7. Design research methodology to investigate service delivery improvement in burn and/or trauma rehabilitation.
8. Appraise contemporary practices to mitigate long term sequelae in burn and trauma.
9. Reflect critically on clinical service paradigms based on advanced knowledge, skills and attributes in burn and trauma management.
10. Plan and execute the translation of research into practice, applying strategies with an advanced knowledge in clinician behavioural change techniques.

7.2 Required Courses

To be eligible for the award of Master of Burn and Trauma Rehabilitation students must complete 400 Units of Credit from the following courses.

7.2.1 Compulsory Courses

- PHTY5000 Pathophysiology of burn and trauma healing 25
- PHTY5001 Evidence based practice in burn and trauma rehabilitation 25
- PHTY5002 Applying outcome measures in burn and trauma rehabilitation 25
- PHTY5003 Quality improvement – Framework design and implementation 25
- PHTY6003 Advanced Clinical and Translational Biostatistics (or equivalent graduate research course) 25
- PHTY5004 Complex considerations of exercise for burn and trauma rehabilitation 25
- PHTY5005 Body image and scar management 25
- PHIL6020 Ethical Issues in Professional Life 25
- PHTY6000 Responding to complex trauma 25
- PHTY6001 Translating theory into Injury Rehabilitation practice 25
- PHTY6002 Optimising the Patient Journey to Recovery after Injury Trauma 25
- PHTY6004 Making a difference through clinical research 25
- PHTY6XXX New course TBC 25
- PHTY6XXX New course TBC 25

7.3 Elective Courses

There are no elective courses within this award.

7.4 Course substitutions

Course substitutions, where permitted, must be approved by the Dean.

7.5 Special Award Requirements

A student enrolled in this reward is required to provide evidence of the following:

(a) where clinical visits may be provided within a course, a student will need to provide evidence of immunization to satisfy the current Health and Universities Agreement for Allied Health Student Clinical Placements (2005) and Schedules to that agreement or its substitute in place at the time; and
(b) ability to meet any inherent requirements for the study of these Awards with or without
adjustments that may be in place or are developed by the University.

8 DEFINITIONS

For the purpose of these Regulations, the following definitions are available in the General Regulations.

- Leave of Absence
- Units of Credit
- Pre-requisite Course
- Elective
- Co-requisite Course
- General Elective
### LIST OF APPENDICES.
