6 PROGRAM REQUIREMENTS

6.1 Program Description

UniPath in Schools is a FEE-FREE Uni Ready enabling program for Year 11 and 12 domestic students who are studying a non-ATAR pathway or are uncertain they will meet the ATAR required for direct undergraduate entry. The program provides a supported and achievable route into higher

education while students complete their senior secondary studies. Students engage with authentic university learning at a campus or Study Centre and develop the academic, digital and personal capabilities needed for successful transition to undergraduate study, including communication, research, critical thinking, data literacy, ethical use of GenAI, collaboration, self-regulated learning and independent study.

UniPath in Schools is designed to build students' academic confidence, university learner identity and sense of belonging while supporting informed decision-making about future study and career pathways. Students explore their strengths and goals, learn how to navigate university systems and expectations, develop evidence-based research and communication skills, and apply data-informed thinking to real-world contexts. Upon successful completion of UniPath in Schools alongside their Year 12 qualification, students meet academic entry requirements for many undergraduate degree programs at The University of Notre Dame Australia and be better prepared to commence and succeed in first-year university study.

6.2 Program Learning Outcomes

Upon successful completion of UniPath in Schools graduates will be able to:

1. Communicate ideas, knowledge and perspectives confidently using a range of academic, digital and emerging tools.
2. Think critically and creatively to question ideas, solve problems, and generate new ways of understanding.
3. Use effective learning strategies, technologies, and GenAI tools to support your learning, research, and communication.
4. Engage with the university environment in an ethical, reflective, and responsible way, contributing to a positive learning environment.
5. Collaborate respectfully with others, valuing diverse perspectives and working effectively in academic contexts.

6.3 Required Courses

To be eligible for the award of UniPath in Schools students must complete a minimum of 100 Units of Credit chosen from the courses listed in Appendix A.

6.4 Elective Courses

There are no elective courses in UniPath in Schools.

6.5 Course substitutions

There are no approved course substitutions permitted in this Award.
