WHY VOLUNTEER?

As a volunteer, you can:

• Contribute to educating our future doctors
• Meet others and learn new skills
• Enjoy participating in a respectful and positive learning environment

Your contribution will help produce excellent doctors.
WHAT IS A VOLUNTEER PATIENT?

- Volunteer patients at the School of Medicine, Sydney support medical students to become excellent, caring and ethical doctors.
- They work with students in small, interactive teaching sessions.
- Volunteers role-play patients to assist medical students learn history taking, communication skills and basic physical examinations.
- Support is provided to help our volunteers have an enjoyable and rewarding experience while benefiting our future doctors.
