WELCOME TO NOTRE DAME’S SCHOOL OF LAW

Would you like to study law in an environment where you are challenged and supported? Where you can learn the practical aspects of law, in addition to theory? Where you can practice your advocacy skills in a historic court all in the beautiful West End of Fremantle?

If that’s the case, then you should consider studying law at The University of Notre Dame Australia’s School of Law, Fremantle. You can commence studying your Bachelor of Laws (LLB) straight after secondary school or after completing another degree. You can also study law in combination with another degree such as a Bachelor of Arts or Bachelor of Commerce. The School also offers a Master of Laws (LLM) (by research) and a Doctor of Philosophy (by research).

“PRACTICE YOUR ADVOCACY SKILLS IN A HISTORIC COURT ALL IN THE BEAUTIFUL WEST END OF FREMANTLE.”

Our academic staff teach in an interactive manner and emphasise ethics. Students have the option of studying abroad, in such destinations as England, France and Ireland. They can also participate in many academic competitions, including international and national moot competitions. The Notre Dame Law Students’ Society organises many social and professional events to ensure that students have the best experience possible while attending the School.

Whether you hope to work in law, business, academia, journalism, politics, human rights, social justice or one of the many different careers that our School can prepare you for after you graduate, the Notre Dame School of Law, Fremantle, warmly welcomes you.

AN EXCEPTIONAL EDUCATIONAL EXPERIENCE
Independent nationwide surveys by the Federal Government rate us the leading university for a range of Quality Indicators for Learning and Teaching in Law and Paralegal Studies – including best in Australia for **Overall quality of educational experience**, **Skills development** and **Teaching quality** and best in WA for **Student support**, **Learner engagement** and **Graduate employment** (qilt.edu.au).

PERSONALISED APPROACH
At Notre Dame we know that you are a person, not a number. Our personalised approach starts with our admissions process which is based on more than your ATAR score. It considers your personal qualities, motivation to study and academic potential, your contribution to school, church or community life and your academic record. An interview with an academic member of staff gives you the opportunity to fully explore your study options.

In our deliberately smaller lecture group sizes, you learn more, are heard more and have more one-on-one contact with academic staff.

LEARNING TO THINK, CRITICALLY AND CREATIVELY
In today’s world, thinking critically and creatively are essential life skills. These equip you with an increased ability to think and reason – to think big – a vital advantage not only during study, but throughout your life. Notre Dame’s Core Curriculum courses – Philosophy, Theology and Ethics – encourage you to expand your mind and develop critical thinking and reasoning skills (see next page).

REAL-WORLD EXPERIENCE
Internships, professional placements and volunteering opportunities set you up for life beyond university. At Notre Dame, you will learn from academics who are industry leaders. Through our practicum placements and internship programs, you will graduate with industry experience on your CV – a real advantage in getting the job you want.

FREMANTLE IS OUR CAMPUS
Notre Dame’s foundation Campus is located in the historic West End of the port city of Fremantle. Housed within beautiful restored heritage buildings, it provides a ‘town university’ of great character. The iconic Campus is close to the Fremantle Harbour, cafés, shops and the famous ‘Cappuccino Strip’, and all major transport hubs.

Check the Federal Government’s qilt.edu.au website to see how Notre Dame compares then call us on (08) 9433 0533 or email future@nd.edu.au so we can answer all your questions and help with your application.
PHILOSOPHY seeks to find the truth about humanity, God, our world and our conduct. At Notre Dame, we study Western Philosophy, using texts and methods of inquiry and reasoning developed over centuries by some of history’s finest critical minds.

ETHICS explores key elements such as human purpose and happiness, needs and rights, virtues and duties, justice and charity. Examines what it means to know and do what is good.

THEOLOGY explores the greatest of all questions, the questions about God. Examines the Catholic Intellectual Tradition through the two roles of “Faith” and “Reason”.

Super Thinking Powers
The rewarding skills of critical thinking and creative problem solving

There are perennial themes, theories and ideas that relate to today’s society. These ideas about meaning, truth and value can be explored in Notre Dame’s Core Curriculum, in which you will study Philosophy, Ethics and Theology. Employers seek graduates who can think critically, creatively and compassionately. Living a good life involves making wise choices about what’s important to you, what you want to do and what may help the world become a better place.

Outcomes of the study of Notre Dame's Core Curriculum are clearly reflected in the current Federal Government Graduate Outcomes Survey in which the University is placed at number one position in Western Australia in terms of Graduate employment rate, Median salary and Overall employer satisfaction.
Judges, senior barristers and leading solicitors have helped design the Law curriculum for Notre Dame that is both intensely challenging and highly practical.

In addition, prominent members of the profession are regularly called on to assist in teaching, underscoring the highly practical nature of our legal education. And, ready access to lecturers ensures that every student receives the assistance they need.

WHY STUDY LAW AT NOTRE DAME?

Have you always been a supporter of the ‘fair go’? Argue passionately for what you believe in? Naturally turn to out-of-the-box thinking to solve issues?

Then you could be an ideal candidate for Notre Dame’s School of Law. You get to study a program designed by the best in the business – top judges, barristers, solicitors and legal academics – in the unique surrounds of Fremantle’s oldest court house, the Justice Owen Moot Court dating back to 1884. It’s a program designed to equip you with the skills critical to succeed in almost any environment, in law or beyond to the corporate world.

When our law students are asked to rate our performance, in the Federal Government’s Quality Indicators for Learning and Teaching survey (qilt.edu.au) Notre Dame achieved top results in Law and Paralegal Studies for the following:

- Overall quality of educational experience – #1 in Australia
- Skills development – #1 in Australia
- Teaching quality – #1 in Australia
- Learner engagement – #1 in WA
- Full-time graduate employment – #1 in WA
- Student support – #1 in WA

FOREIGN LEGAL CONSULTANCY

New York — Michael Lyndon-James
Bachelor of Laws/Bachelor of Commerce
School of Law, Fremantle – Class of 2011

Michael applied to work as a Foreign Legal Consultant with the State of New York shortly after graduating from Notre Dame’s School of Law in Fremantle and relocated to the US, a move he says he recommends highly. Though working in the legal profession is highly challenging, Michael has embraced the frenzied pace of working in New York. As a graduate of an ABA-approved law school, Michael was able to sit the New York Bar exams early in 2018 without completing any additional qualifications.
Notre Dame’s School of Law is directly supported by leading members of the Western Australian legal profession and judiciary and offers an ethical and practical legal education of exceptional quality, with a very high graduate employment rate.

**LAW**

**Indicative Minimum ATAR:** 90

**Loan Scheme:** FEE-HELP

The Bachelor of Laws is designed as a four-year full-time degree with a strong emphasis on ethics, practical legal learning and the concepts of duty, social justice and service to others.

A student who obtains the Bachelor of Laws degree and completes the required Practical Legal Training (PLT) is eligible to apply for admission as a legal practitioner in Western Australia and to all other jurisdictions in Australian.

**PURSUING A CAREER IN CRIMINAL LAW**

For School of Law graduate, Erin, going to work each day is like stepping onto the set of the TV series, Law & Order. Currently working with the WA Police Force, Erin assists police investigators and senior solicitors to write applications and affidavits for warrants to assist the Force in staying one step ahead in the ongoing fight against serious crime.

“The applications fall under a variety of different types of legislation, both Commonwealth and State, which means I have constant interaction with a variety of investigatory and judiciary bodies,” said Erin.

“The best thing about working at WA Police is that every job is different. I have received the perfect exposure to criminal law and my time at Notre Dame has helped me to analyse and question processes so that we come up with specifically tailored documents every time.”

LAW STUDENTS CLAIM TOP HONOURS IN NATIONAL COMPETITION

Notre Dame Law students took top honours in the 2017 Administrative Appeals Tribunal National Mooting Competition. The Notre Dame team of three beat the University of Wollongong in the Grand Final after defeating teams from the University of Melbourne and University of Tasmania in hotly contested finals.

The moots, conducted over five rounds and undertaken on a knock-out basis, involved fact scenarios drawn from a variety of administrative law areas. The moot provided a great opportunity for students to develop and practice their advocacy and mooting skills that are essential for legal practice.

Law students are encouraged to engage in a wide range of advocacy and mooting competitions during their time at law school.

Institutes for scholarship and research

The University is committed to providing excellence in teaching, scholarship and research, and establishing projects and programs to benefit the community. This commitment underpins the work of Notre Dame’s National Research Institutes.

Research outcomes that improve the physical, mental, social and spiritual wellbeing in the community are the key focus of the Institute for Health Research (IHR), established in 2009.

Based on the Fremantle Campus, the Institute draws on clinical expertise from the Schools of Health Sciences, Medicine, Nursing & Midwifery and Physiotherapy. The IHR also actively engages in research opportunities on the Broome and Sydney Campuses and collaborates with researchers from other tertiary institutions, government and non-government organisations and hospitals both nationally and internationally.

Based in the North West of Western Australia, Broome’s Nulungu Research Institute focuses on three core research themes—country, health and wellbeing and education – within a context of valuing community-based Indigenous knowledge and a mission of reconciliation.

A key feature of Nulungu’s research profile is the extent of collaboration with national and international academic institutions, teaching and research communities, government and industry.

Since it was established in 2008, the Nulungu Research Institute has undertaken more than 250 projects, producing ground-breaking research outcomes that over time are expected to result in profound change in the community.

Notre Dame’s Institute for Ethics & Society (IES) was established on the Sydney Campus in 2009 to foster greater ethical awareness in professional and social life.

Key areas of focus include Applied and Professional Ethics, Ethics Education, Bioethics and Health Care, Religion and Global Society and Indigenous Research and Ethics.

The IES is also committed to promoting a rigorous and open conversation about the variety of ethical issues facing society today and to sharing the resources of the Catholic intellectual tradition in the public arena.
Succeed today – and tomorrow.

Investing in your future

NOTRE DAME IS COMMITTED TO MAKING ALL ITS PROGRAMS AS AFFORDABLE AND ACCESSIBLE AS POSSIBLE, WITH ITS FEE STRUCTURE REFLECTING THIS GOAL.

HOW FEES ARE CALCULATED
Fees are calculated based on the discipline and study load of each course undertaken by students. For the majority of programs, courses studied do not all fall within the same discipline. For example, a student enrolled in a Bachelor of Education undertakes courses of study that are classified as ‘education’ and some that are classified as ‘humanities’. In this example, the fee for the humanities courses is calculated against the Humanities discipline, while the fee for the education courses is calculated against the Education discipline. To access individual course costs please visit the University’s website.

COMMONWEALTH SUPPORTED PLACES / HECS-HELP
Notre Dame offers Commonwealth Supported Places (CSP) in selected undergraduate programs (see the program table for details). Australian citizens, holders of permanent humanitarian visas and eligible New Zealand citizens who are allocated a CSP are able to access HECS-HELP and defer all or part of their tuition fees through a Federal Government loan.

All Indigenous students of Notre Dame are able to access Commonwealth Supported Places and HECS-HELP for all programs.

FEE PAYING PLACES / FEE-HELP
Notre Dame offers full fee paying places for undergraduate domestic students in a number of programs. Australian citizens, permanent humanitarian visa holders and eligible New Zealand citizens are able to access the FEE-HELP loan scheme. This program allows eligible students to borrow all or part of their tuition fees from the Federal Government. A loan fee of 25 percent is added by the Federal Government, including the Graduate Entry Law degree, which is considered an undergraduate program.

HOW WILL I PAY?
The HECS-HELP loan scheme assists eligible students, who have been allocated a Commonwealth Supported Place, in paying their tuition fees. The FEE-HELP loan scheme assists eligible students, who have been allocated a Fee Paying Place, in paying their tuition fees. Repayments in both schemes can be deferred until students are in the workforce. Students should consult studyassist.gov.au for further information and up to date eligibility requirements.

ADDITIONAL STUDY COSTS
The additional costs of study will vary from student to student. Additional costs include textbooks, uniforms, accommodation, public transport, photocopying, stationery and food.

FINANCIAL ASSISTANCE
Austudy, Abstudy and Youth Allowance schemes are operated by the Australian Government and provide financial assistance to eligible students. For further information, please contact Centrelink on 13 24 90 (Youth Allowance and Austudy), or 13 23 17 (Abstudy) or visit www.humanservices.gov.au.

   b. Applicants who have completed Year 12 or equivalent within the last two years and are using these results to gain admission into the University.

2. Mature-age applicants
   a. Higher education study from other tertiary institutions (including bridging or enabling programs);
   b. Vocational education and training (VET) study from TAFEs or other Register Training Organisations;
   c. Work and life experience.

UNIQUE APPROACH TO UNIVERSITY ADMISSION

Notre Dame’s admissions process considers every applicant on an individual basis, which is, like the Notre Dame study experience, focused on the whole person. Entry is based on: your personal qualities, motivation to study and academic potential; contribution to school, church or community life; academic record; and an interview with an academic member of staff at Notre Dame.

HOW TO APPLY

Applications must be made directly to Notre Dame. There is no application fee. If you have any queries please visit notredame.edu.au or contact the Admissions Office:
