

Staff Wireless: Setup Apple OSX Device

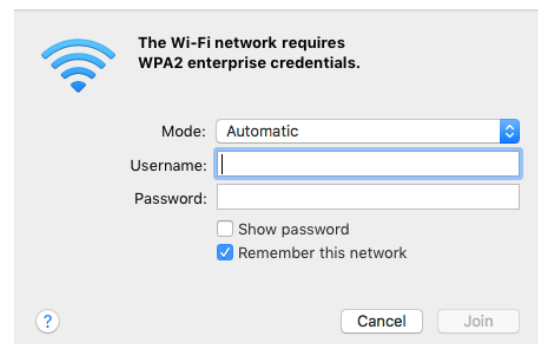

The University of Notre Dame Australia uses an encrypted wireless network, to ensure that all information is protected.

To access the wireless network, you must have an active staff or student username and password. Access to the university Wi-Fi is granted under the same policies as accessing our wired network.

1. Click the **Wi-Fi icon** ( or ) in the menu bar.
2. If your wireless is off, choose "Turn Wi-Fi on."

3. Click on **UNDA-WiFi** from the network list
4. When prompted, enter your **Notre Dame Staff/Student ID**
e.g. 32001234 for students or 31001234 for staff
5. Enter your **password**
This is the same password to log onto a campus computer

6. Click on **Trust** if prompted to accept the security certificate

7. Enter your **Apple administrator password** to install the security certificate.
The prompt will look similar to the image provided.

8. The icon should show solid black lines  when connected to the wireless network.

If you can see the network is connected; however, you are unable to search the internet. Please speak with the IT Service Desk.

Please kindly contact your campus Service Desk if you require assistance.
