UNDERSTANDING YOUR PROGRAM PLANNER: This program planner shows the structure of your courses as they need to be completed across the 2 years. The program has a total of **600 units of credit (excluding advanced standing)**. **Pre-requisite courses** need to be completed before commencing the next course of your program. **Co-requisite courses** are pre-clinical courses and must be completed in the same semester as the corresponding professional practicum course. **Elective courses** are only available to semester 6 students. Graduates are eligible to apply to AHPRA for general registration as a Registered Nurse Division 1.

CORE COURSE INFORMATION: Students can study core courses (Ethics, Theology and Philosophy) in the semester indicated on the program planner or earlier for example in summer term. Final year students cannot study core courses in Winter Term or the final semester of the degree. All components of the program must be passed in order to complete the degree.
