

2022 INDICATIVE ANNUAL DOMESTIC FEES

At The University of Notre Dame Australia your tuition fees vary depending upon your program and the courses you take within that program. All courses are allocated a study load and a discipline area. The fees shown in this document are indicative of a full-time study load in the specified discipline areas. Fees will vary based on the number and type of courses chosen. Programs that have an overload component will attract higher annual fees. For assistance please contact the Student Fees Office at: student.fees@nd.edu.au

The tuition rates in this document are the indicative annual rates that apply to study undertaken in 2022.

HOW FEES ARE CALCULATED

Fees are calculated based on the discipline and study load of the courses undertaken by students. For the majority of programs, courses studied do not all fall within the same discipline. For example, if you are enrolled in a Bachelor of Education, you may undertake some courses that are classified as 'education' and some that are classified as 'humanities'. In this example your student contribution for the humanities courses will be calculated against the Humanities discipline, while the education courses will be calculated against the Education discipline. To access individual course costs please visit the University's Fees webpage: notredame.edu.au/study/fees.

PRE-UNIVERSITY PROGRAMS

Students undertaking the Tertiary Pathway Program (TPP) and who are awarded a Commonwealth Supported Place will pay no fees on submission of an electronic Commonwealth Assistance Form HECS-HELP application. Students awarded a Fee Paying place may pay upfront or if eligible access FEE-HELP.

COMMONWEALTH SUPPORTED PLACES

The Commonwealth Supported tuition fee rates have not yet been released by the Australian Government. These fees are aligned with the student contribution rates set by the Australian Government.
