

The Higher Education Technology Agenda (THETA) - Important information

[Submissions to present](#) at THETA 2019 and [EOI for submission reviewers](#) have been extended 31st October 2018.

This is your opportunity to participate in the number one biennial conference in Australasia promoting the intelligent use of information technology in higher education and research. The [THETA 2019](#) conference theme, *'The Tipping Point'*, reflects that magic moment when innovations in the use of information technology cross a threshold and spread like wildfire. THETA is a dynamic event and engaging space for professionals across the sectors of Information Technology, Teaching and Learning, Library and Knowledge Management. THETA is where you can connect and showcase your innovations, research and collaborations; leading the way for new partnerships, networks and strategic opportunities. [Early bird registrations](#) are now open.

THETA 2019, 19-22 May, Wollongong, <http://www.theta.edu.au/>
