

The University of Notre Dame Australia uses an encrypted wireless Network, to ensure that all Information passing through the wireless is protected.

To access the wireless network you must have an active staff or student username and password. Access to the wireless is granted under the same policies as accessing the wired network.

1. Ensure your wireless switch is enabled; this is usually a physical switch or button on your laptop or a software switch invoked by the Function (Fn) key.

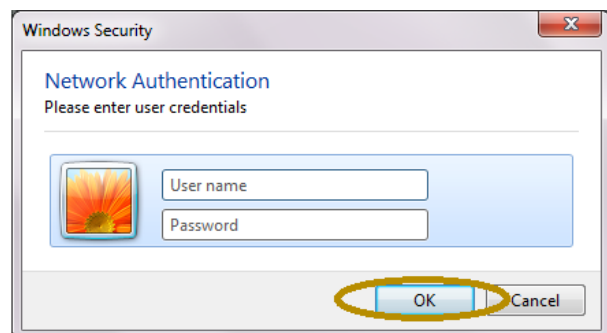

2. Click on the **wireless icon**
located near the right-hand side of the taskbar (near the clock)

3. Select the network labelled **UNDA-WiFi**
4. Click **Connect**

5. When prompted, enter your **Notre Dame Staff/Student ID**
e.g. 32001234 for students or 31001234 for staff
6. Enter your **password**
This is the same password to log onto a campus computer

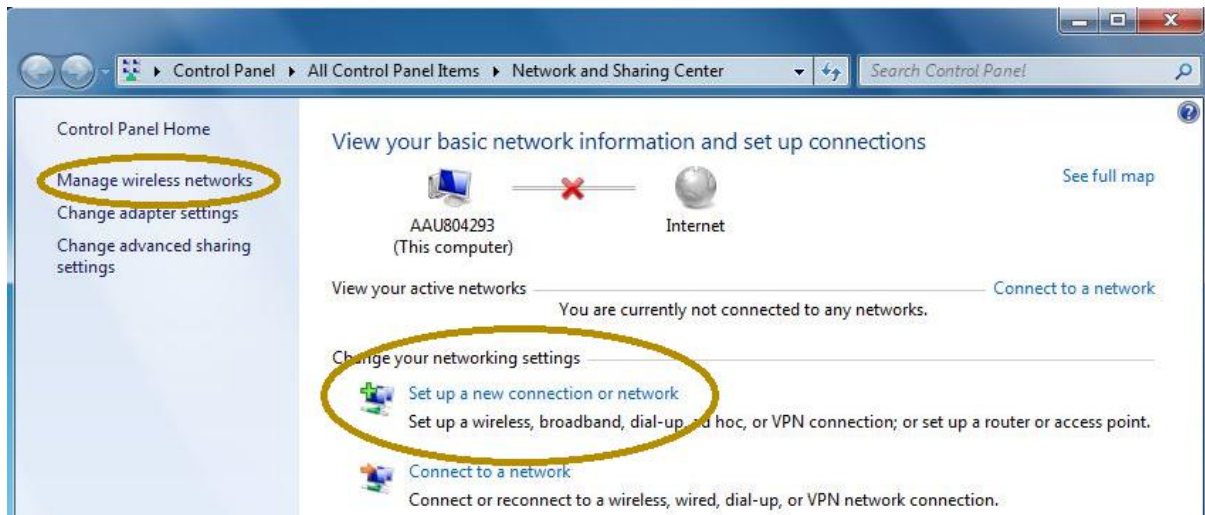

7. Click **Accept** to the *Trust Certificate*
If the authentication is successful, the UNDA-WiFi network shows as connected.

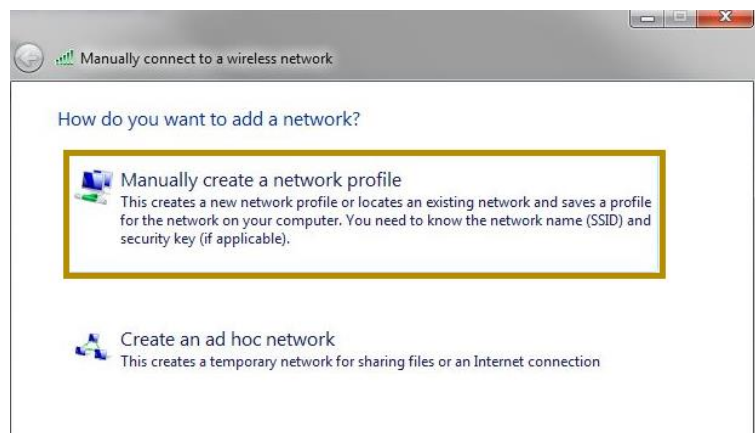

If you have any issues connecting to the wireless network, try manually creating a network profile, to do this complete the following steps.

1. Click on the **wireless icon**
located near the right-hand side of the taskbar (near the clock)
2. Select **Open Network and Sharing Centre**
3. Select **Manage wireless networks**
4. Click **Set up a new connection or network**

5. Select **Add**
6. Select **Manually create a network profile**

7. Enter the details
Network Name: UNDA-WiFi
Security Type: WPA2-Enterprise
Encryption Type: AES
8. Untick **start this connection automatically**
9. Click **Next**

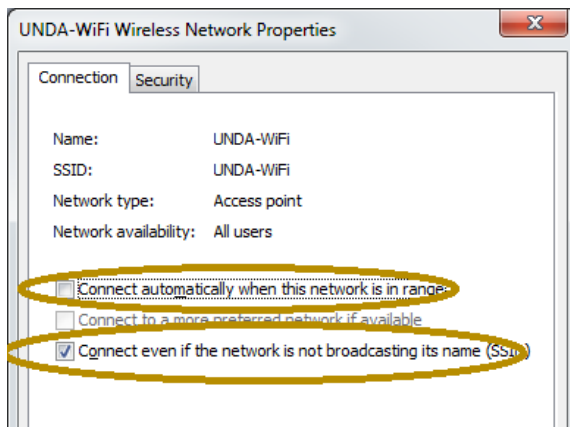

10. Click on **Change connection settings**

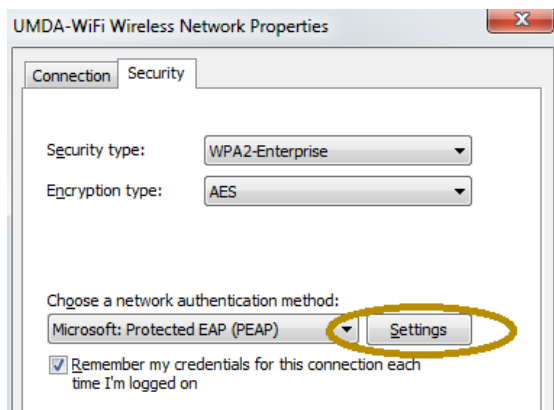

11. Untick **“Connect automatically”** and Tick **“Connect even if the network is not broadcasting”** as shown below, and click **“OK.”**

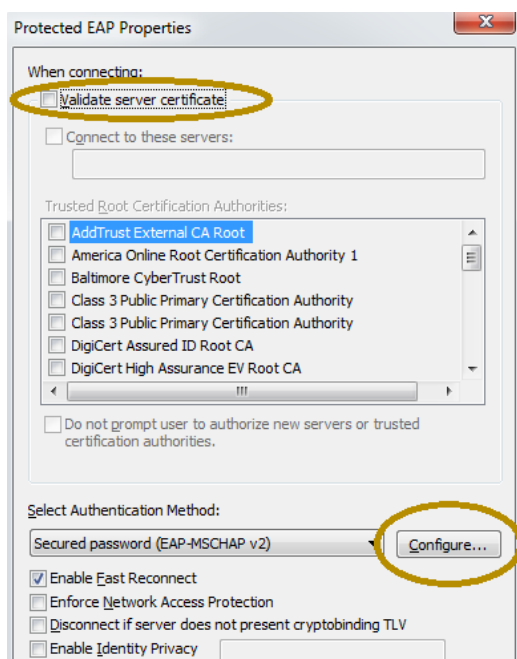

12. Open **“Security”** tab, and click **“Settings”**.

13. Untick **Validate server certificate**

14. Click **Configure**

11. Untick **Automatically use my Windows login name and password**

12. Click **OK** until you have closed out each window.

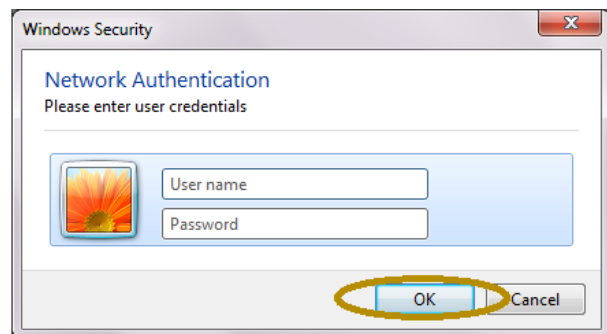

1. Click on the **wireless icon**
located near the right-hand side of the taskbar (near the clock)

2. Select the network labelled **UNDA-WiFi**
3. Click **Connect**

4. When prompted, enter your **Notre Dame Staff/Student ID**
e.g. 32001234 for students or 31001234 for staff
5. Enter your **password**
This is the same password to log onto a campus computer

6. Click **Accept** to the *Trust Certificate*
If the authentication is successful, the UNDA-WiFi network shows as connected.

If you can see the network is connected, however, you are unable to search the internet. Please speak with the IT Service Desk.

If you have any issues connecting your device to the wireless network, please contact the IT Service Desk.
