Staff Wireless: Setup Windows 8 Devices

The University of Notre Dame Australia uses an encrypted wireless network, to ensure that all information is protected.

To access the wireless network, you must have an active staff or student username and password. Access to the university Wi-Fi is granted under the same policies as accessing our wired network.

Before start configuring WiFi for Windows 8.1 (Windows 8), please make sure that wireless switch is enabled; this is usually a physical switch or button on your laptop.

1. Click the **WiFi icon** on the bottom right of the taskbar
2. Click **UNDA-WiFi**
3. When prompted, enter your **Notre Dame Staff/Student ID**
   - *e.g. 32001234 for students or 31001234 for staff*
4. Enter your **password**
   - *This is the same password to log onto a campus computer*
5. Click **OK**

You may see the following messages after entering your login details:
1. You are now connected to UNDA-WiFi, but access is Limited.
2. Network and Sharing Centre shows that WiFi is connected but No Internet Access.

Try manually creating a network profile, to do this complete the following steps.
1. Click the WiFi icon on the bottom right of the taskbar
2. Right-click **UND-A-WiFi**
3. Click **Forget this network**
4. Click on the **wireless icon located near the right-hand side of the taskbar (near the clock)**
5. Select **Open Network and Sharing Centre**

6. Select **Manage wireless networks**
7. Click **Set up a new connection or network**

3. Select **Add**
4. Select **Manually create a network profile**

8. Enter the details
   - **Network Name:** UNDA-WiFi
   - **Security Type:** WPA2-Enterprise
   - **Encryption Type:** AES
9. Untick **Start this connection automatically**
10. Click **Next**

11. Click on **Change connection settings**
12. Untick “Connect automatically” and Tick “Connect even if the network is not broadcasting” as shown below, and click “OK.”

13. Open “Security” tab, and Click the “Settings”.

14. Untick Validate server certificate

15. Click Configure
11. Untick **Automatically use my Windows login name and password**

12. Click **OK** until you have closed out each window.

13. Click the **WiFi icon** on the bottom right of the taskbar

14. Click **UNDA-WiFi**
15. When prompted, enter your **Notre Dame Staff/Student ID**
   *e.g. 32001234 for students or 31001234 for staff*

16. Enter your **password**
   *This is the same password to log onto a campus computer*

17. Click **OK**
   *All bars should show as solid white when connected to the network.*

If you can see, the network is connected; however, you are unable to search the internet. Please speak with the IT Service Desk.

Please kindly contact your campus Service Desk if you require assistance.
