# PREPARING FOR AUSTRALIA

## Student visa

### Obtaining a student visa

A student visa is required before entering Australia and prior to the commencement of your program. Please note, this is only relevant if you do not currently hold a valid Australian visa which allows you to study your chosen program at the University.

Please follow the steps below when applying for a student visa:

- The electronic Confirmation of Enrolment (eCoE) must be obtained before applying for a student visa.
- Apply online via [homeaffairs.gov.au](https://homeaffairs.gov.au).
- You may be requested to undertake a health check (students should check this requirement with the Department of Home Affairs – [homeaffairs.gov.au](https://homeaffairs.gov.au)).

### Maintaining your student visa

It is important that you are aware the conditions are not limited to the below list:

- The visa must be valid and not expired.
- You must have current Overseas Student Health Cover (OSHC) for the entire duration of your visa.
- Program progress requirements must be maintained.
- You must notify the University of your Australian address within 7 days of arrival in Australia.

For more detailed information about student visas and the application procedure, please visit [homeaffairs.gov.au](https://homeaffairs.gov.au).

## What to bring

### Important documents

- Passport
- The University of Notre Dame Australia offer and a copy of your eCoE
- Prescriptions for regular medications
- Medical history
- Driver's license (if applicable)
- Credit card
- Any other documentation requested by the University

### Money

This will sustain you in any temporary accommodation and the initial upfront bond/rent required with most permanent accommodation arrangements. It is important to have this money in both cash form (around A\$500), and other forms of funds such as credit card (A\$3,500).

Once you arrive it would be very beneficial for you to open a bank account with a local bank. It might be advantageous for you to find a bank in Australia that has a partnership with a bank in your home country, if possible. Please visit page 22 for more information on Banking in Australia.

### Clothing

Sydney has a temperate climate with warm summers and cool, wet winters.

Perth has a Mediterranean climate with hot dry summers and cool, wet winters.

Australian summers span from November to February with an average daily temperature of 25°C (78°F). May to October are cooler months with temperatures of 7°C to 19°C.

- Lighter clothing for summer: jeans, t-shirts, shorts/skirts.
- Jumpers/sweaters and jackets for cooler evenings and winter months.
- Raincoat (it may be easier to buy an umbrella).
- A variety of footwear.
- Swimsuit/bathers (if you like to swim).

### Electrical goods

All electrical goods are available in Australia, so you can buy anything you need once you arrive. If you would prefer to bring your own electrical appliances, please be aware of excess baggage costs when you are checking in.

In Australia, we use Australian standard 240V, therefore you may require an adaptor to use electrical appliances from your home country. These are very easy to find in Australia and are reasonably priced.

## Quarantine guide

It is extremely important that any items of an animal or plant nature, including food, are declared upon arrival in Australia. No matter how small or insignificant these items may seem, they may be potentially harmful to the unique Australian flora and fauna.

- On entering Australia by plane or ship, passengers are required to complete an Incoming Passenger Card. This card must be read carefully and completed truthfully.
- Do not carry illicit substances either into or out of Australia. Penalties for drug offences in Australia are severe and could result in a criminal conviction.

Please refer to the brochures included in your Orientation pack or, for further information, log on to the Quarantine website at [agriculture.gov.au/biosecurity-trade/policy](https://agriculture.gov.au/biosecurity-trade/policy).

## Wildlife trade

Trade of endangered and threatened (animal and plant) wildlife and native Australian wildlife is strictly regulated. It may be illegal to take some goods out of, or into, Australia. All permits must be obtained before you leave or enter Australia. Severe penalties apply for offences against the Wildlife Protection Act. If you have any questions regarding the wildlife trade please visit the Department of Environment and Energy website at [dcceew.gov.au/environment/wildlife-trade](https://dcceew.gov.au/environment/wildlife-trade).

## Crisis accommodation

If you find yourself without secure and safe accommodation, please contact the International Office at [imadethemove@nd.edu.au](mailto:imadethemove@nd.edu.au) who will guide you to the services available to assist you with finding emergency accommodation.

## Before you rent

It is important to familiarise yourself with the Residential Tenancies Act in the relevant state when you are preparing to rent, especially if you have not rented accommodation before. Notre Dame University's Perth Campus is located within the state of Western Australia (WA), and our Sydney Campuses are located in New South Wales (NSW). It is very important, before you pay any upfront money, that you've inspected the property and signed a rental agreement. There have been overseas students who have paid their bond, sometimes A\$2000, before they have arrived in Australia to find that the place does not exist once they arrive.

For further information including a copy of the Residential Tenancy Acts for WA and NSW visit:

- Tenancy WA at [tenancywa.org.au](#)
- Tenants NSW at [tenants.org.au](#)

## Dependant schooling information

**Our Perth Campus is located within the state of Western Australia (WA), and our Sydney Campuses are located in New South Wales (NSW). In WA and NSW, dependants of international students may be enrolled in either approved government (public) or non-government (private) schools registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).**

### In WA:

Note: Kindergarten schooling in WA and NSW is not compulsory and there is sometimes a waiting list for Kindergarten placements. Students may submit a request for placement in Kindergarten but due to the high demand for places, a placement is not guaranteed.

A visa for a dependant must be obtained through the Department of Home Affairs. Both public and private schools require the payment of fees. Public school fees vary for dependants of pathway students, undergraduate students, postgraduate students and for some scholarship students. It is important to understand these costs BEFORE your dependants arrive in Australia. It is essential to bring your dependant's immunisation records, birth certificates, original school reports (and copies translated into English by a professional translator).

For further information regarding dependant schooling, please contact [international@nd.edu.au](mailto:international@nd.edu.au).

## Western Australia

### Masters or Doctoral international students with school-aged children

Dependants of Masters or Doctoral degree students are not required to pay public school tuition fees for accompanying dependant students for the duration of their postgraduate study period.

The tuition fee waiver only applies when the visa holders are currently enrolled in full-time postgraduate studies at a recognised Western Australian university. The tuition fee waiver does not apply before or after the study period e.g. an English language program, Graduate Diploma or bachelor's degree, etc. During this time the dependant is a full fee-payer.

All students are required to pay the contributions and charges that are separate from tuition fees that apply to all public primary and secondary schools i.e. uniforms, stationery, textbooks etc.

For further information about schooling for dependents of Masters or Doctoral international students, please see: [www.tafeinternational.wa.edu.au/wa-government-schools/children-who-are-dependants-visa-holders](http://www.tafeinternational.wa.edu.au/wa-government-schools/children-who-are-dependants-visa-holders)

### Charges for English as an Additional Language

If your dependant is enrolled in a public school and requires placement in an Intensive English Program (usually not relevant for children 6 years of age and under), you may need to pay between AUD\$1,500 to AUD\$3,000 or more per child per year. These associated costs are paid by the student (not the University or Department of Education (DoE)) and may involve the dependant moving to a school specifically designed to provide the required support. It is recommended that dependants commence English language training prior to arrival in Perth. A school's assessment that additional English support is required is not negotiable and fees must be paid prior to commencement.

### Charges for provision of specialist services

Special requirements (such as learning difficulties or disabilities) are costed on the basis of the child's special needs in accordance with the Department of Education's inclusive education standards. These annual costs can range between a few thousand dollars to \$25,000 and are paid by the student (not the University or DoE) and may involve the dependant moving to a school specifically designed to provide the required support.

### Conditions of Enrolment

Contact the International Office regarding the school placement by emailing [international@nd.edu.au](mailto:international@nd.edu.au).

- the University's International Admissions Officer will send you the necessary forms.
- Submit the forms and certified copies of children's passport by emailing [international@nd.edu.au](mailto:international@nd.edu.au).
- The International Office will request for the school placement directly to the Department of Training and Workforce Development.
- Once approved, the Department of Training and Workforce Development will issue a 'confirmation of placement letter' for the children.
- Once the visa is approved, the Department will start the process of placement. When the school placement is confirmed, the Department will send you a confirmation email. Please note that due to limited spaces for overseas students, placement locations may vary.
- If children of international students require special needs educational services and/or teaching in English as an Additional Language or Dialect, international students will be invoiced for the cost of these services by the Department of Training and Workforce Development.

### School fees

For further information on government school fees, refer to the NSW Department of Education and Communities International webpage: [deinternational.nsw.edu.au/study-options/fees](http://deinternational.nsw.edu.au/study-options/fees)

Please note that dependants of postgraduate Doctorate students in NSW institutions may be exempt from government school fees. Please visit [deinternational.nsw.edu.au/study/schools/temporary-residents#fees-exemptions-refunds](http://deinternational.nsw.edu.au/study/schools/temporary-residents#fees-exemptions-refunds) for more information.

### School enrolment

For government schools, the placement process is managed by the NSW Department of Education. The school student must be in the country before the enrolment process can commence and the Department aims to place the child at the school closest to the student's residential address. All students must provide evidence of their immunisation status to the school at the time of enrolment.

For visa purposes, the student may obtain a 'confirmation of placement' letter for their child before they arrive in Australia, which will state their intention to enrol their child in schooling once they arrive in Australia.

For further information on how to enrol your child in a government school, please refer to the NSW Department of Education webpage [deinternational.nsw.edu.au/study-options/fees](http://deinternational.nsw.edu.au/study-options/fees). For information on how to enrol your child in a non-government school, please contact the individual school.

## Living in Sydney

### About Sydney

Sydney is Australia's biggest city, with a population of over 5.5 million. The downtown area, known as the Central Business District (CBD), consists of a number of districts, the most popular of these being Circular Quay, The Rocks, Darling Harbour, Chinatown and Town Hall.

Sydney suburbs stretch from the beaches in the east to the Blue Mountains in the west. Geographically, the city is divided into several regions: The Northern Beaches, North Shore, Northern Suburbs, Hills District, Western Suburbs, Inner West, South West, South ("the Shire") and Eastern Suburbs. Sydney has an extensive public transport network of buses, trains, ferries and light rail trams, although cars are the main form of transport for most people.

### Sydney Campus

The University's Sydney Campus is ideally located in the heart of the Sydney CBD across two locations; Broadway and Darlinghurst. With both campuses within the Sydney CBD, students are able to access convenient accommodation, transport, food, sightseeing and entertainment options during their study.

### Broadway Campus

The Broadway Campus houses the Schools of Arts & Sciences, Business, Education, Law and Philosophy & Theology. Broadway is in the heart of Sydney's University Precinct, only

a short walk from Central Railway Station and Broadway Shopping Centre and not far from Darling Harbour, the Chinese Gardens and King Street wharf. This district plays host to three major universities which creates a dynamic atmosphere and university hub within Sydney's CBD.

### Darlinghurst Campus

The Darlinghurst Campus, situated within Sydney CBD's 'health hub', is home to the Schools of Medicine and Nursing, where students undertake studies in purpose built facilities. Darlinghurst is opposite St Vincent's Hospital, one of Australia's most iconic hospitals in the heart of Sydney's shopping and café district with Oxford Street running through the centre of the suburb. Some of the neighbouring major attractions include the Art Gallery of NSW, the Sydney Botanical Gardens, St Mary's Cathedral and both Hyde and Centennial Parks.

## Banking

### Money: ATMs and EFTPOS

**ATMs (Automatic Teller Machines)** are operated by a bank or credit union which dispense money and allow limited transactions, 24 hours per day. They are conveniently located at banks and shopping centres and allow access to cash both during and outside business hours.

**EFTPOS (Electronic Funds Transfer at Point of Sale)** is provided by a small machine located next to the cash register in most shops, allowing you to use a credit card or bank card to purchase goods. You can also withdraw cash if you have a card which is linked to your savings (or other) account(s).

**Your credit cards and bank cards are valuable. Keep them in a safe place!**

## Banking

For students who are intending to remain in Australia for some time, it is advisable to open a bank account.

In order to open a bank account in Australia, overseas students need to provide written confirmation of their enrolment at their educational institution, student card and passport. It normally takes a week or so for bank cards to be mailed to an applicant. There are many banks for students to choose from and they all offer different services, so it pays to ‘shop around’.

### NAB's pre-arrival banking

## Getting Around

### Perth Public Transport

The easiest and most usual way to get around is by using Perth’s train and bus system, Transperth. The University is only a five minute walk from the Fremantle train station. Trains run from Perth to Fremantle at very regular times during the day. All buses to Fremantle terminate at Fremantle train station. You can access the Transperth website which details all the local transport options at [transperth.wa.gov.au](http://transperth.wa.gov.au).

Most students usually travel using a ‘SmartRider’ card. In order to obtain a ‘SmartRider’:

1. You will need to fill out a form from Student Administration (ND1) and have it validated.
2. Take the validated ‘SmartRider’ form to any Transperth Info Centre or SmartRider Retail Sales Outlet.
3. Purchase a ‘SmartRider’ card.

The SmartRider card is valid for use on trains, buses and ferries. The journey cost is dependent on which Zone (area) you live in and how far you are travelling. Student discounts are given at time of sign-up.

Fremantle and Perth city both have a free Central Area Transit (CAT) bus service. This bus service operates within these two areas at no cost, usually every 15 minutes.

Many students who live within the Fremantle area ride their bikes or walk to the University.

### Sydney Public Transport

There are many different transport options in Sydney including buses, trains, ferries and light rail trams. The University’s Broadway Campus is located only a 10 minute walk away from Central Station – Sydney’s major railway station and long distance bus terminal.

The suburbs surrounding the CBD are mostly facilitated by buses and trains. Although there are several different bus providers, most inner city routes are served by blue and white Government-operated Sydney Buses.

Sydney has an extensive railway network, and trains are of most use to those living in outlying suburbs, or for day trips out of the CBD. Sydney has several train lines which service the state, all of which stop at Central Station.

The Opal card is valid for use on trains, buses and ferries. Students can also use a bank card to tap on and off transport. The journey cost is dependent on which Zone (area) you live in and how far you are travelling. Student discounts are given at time of sign-up.

For more information on public transport in Sydney, phone 13 15 00\*, or use the ‘Trip Planner’ tool at [transportnsw.info](http://transportnsw.info) to map your route to any location in Sydney using public transport.

## Private Transport

If you decide to provide your own private transportation a bike and/or car are good options. A reasonably good, used bike can be purchased for about A\$120–A\$130.

It should be noted that bike helmets are required by law to be worn at all times.

**Study Abroad and Exchange students: In the interest of student safety, the University strongly advises that students who attend as part of Study Abroad/Exchange program should not drive a car or motorbike during their time in Australia.**

If you are going to be driving a private vehicle and/or purchasing such, please remember the following:

- Please visit Department of Transport for assistance with driver license and other vehicle registration requirements

WA: [transport.wa.gov.au/licensing/visit-or-move-to-wa.asp](http://transport.wa.gov.au/licensing/visit-or-move-to-wa.asp)  
NSW: [rms.nsw.gov.au/roads/licence/moving-to-nsw.html](http://rms.nsw.gov.au/roads/licence/moving-to-nsw.html)

- Include maintenance costs (oil changes, repairs, batteries) as well as petrol costs in your weekly budget.
- If purchasing from a private vendor, get the vehicle’s ‘VIN Number’ and contact the Register for Encumbered Vehicles (REVS) to ensure that there is no money owed on the vehicle.
- Make sure you fully understand any legal documents that you sign.
- It is a good idea to have the vehicle inspected by an authorised car mechanic.

If you purchase the vehicle, make sure that ownership, registration and automotive insurance are purchased.

It is a good idea to have the vehicle inspected by a vehicle examiner. You can find one here:

- WA: [transport.wa.gov.au/licensing/get-a-vehicle-inspected.asp](http://transport.wa.gov.au/licensing/get-a-vehicle-inspected.asp)
- NSW: [rms.nsw.gov.au/roads/registration/inspections/index.html](http://rms.nsw.gov.au/roads/registration/inspections/index.html)

## Taxi and Rideshares

Taxis and rideshares ie Uber/Ola are available, but note that during peak hours on the weekends and late nights, long waits can occur. Further, increased fares during peak times are standard and non-negotiable.

# LIVING IN AUSTRALIA

## Telephones and Internet access

### Phone cards

You may want to purchase an international phone (calling) card to make phone calls home. These cards can be purchased from most newsagents.

### Mobiles

Mobile phones in Australia are readily available and can be purchased at mobile phone distributors as well as the Post Office, electronic stores and other retail outlets.

It is strongly recommended that you speak with mobile phone providers for details of charges for both domestic and international calls and text messages.

#### Pre-paid

Each month you purchase 'credit', with a certain amount of 'talk time'. You can buy \$10 worth of credit, or you can buy 'Pre-Paid Caps' which give larger amounts of phone credit and usage.

#### Plans

You can sign up for one or two year plans with a mobile company, which sometimes comes with a free phone. When purchasing a plan you might have to provide a copy of your visa as a proof that you will stay in Australia and be able to pay the plan off.

Some mobile companies are:

- Optus ([optus.com.au](http://optus.com.au))
- Telstra ([telstra.com.au](http://telstra.com.au))
- Vodafone ([vodafone.com.au](http://vodafone.com.au))
- iinet ([iinet.net.au](http://iinet.net.au))

Please note: the University does not endorse the quality of mobile or internet providers listed here and cannot act on your behalf.

### Internet

#### At home DSL connections

An internet 'cap plan' is where you pay a set amount for usage allocation and speed. Most are through a home phone line, some have cable in selected areas. Most cap plans start at about \$50 a month. You can purchase a wireless router to share your internet connection with people in your house. Some of the internet providers are: iiNet, Telstra, Optus and Vodafone.

#### 3G, 4G and 5G wireless internet

Visit a mobile phone provider and ask if there is 3G, 4G or 5G wireless internet coverage in your area. If so, you can purchase a wireless connector which fits into the flash drive of your computer and will enable you to have wireless internet. There are usage allocations and speed variances.

You must buy monthly cap plans which suit your usage and speed requirements.

## Good to know

### Sun awareness

The Australian sun is intense and may be harmful to your skin. To avoid sunburn and skin damage take the following steps:

- During summer, before you go outside or to the beach, apply SPF 30+, broad spectrum, water-resistant sunscreen to all areas except those that will be covered by clothing.
- Do not forget your sunglasses.
- On very hot days, make sure you take extra SPF 30+ sunscreen, a broad brimmed hat, a bottle of water, a long sleeved shirt with a collar, and long pants if you intend on staying outdoors for an extended period of time.

### Food

Australians typically eat fruit and cereal with milk, toast and eggs or similar for breakfast. Lunch is usually a light meal – a sandwich/salad – while dinner is the main meal of the day, consisting of a main dish often followed by dessert or fruit. Many people drink tea or coffee between meals and sometimes have a snack for morning or afternoon tea.

**Foodbank** offers free workshops for young people in Fremantle. These classes cover a variety of nutrition topics including healthy eating, label reading, budgeting, meal planning and either lunchboxes and snacks, healthy mind & healthy body, supermarket tour or gardening for health. For more information, [foodbank.org.au/WA/healthy-eating-hub](http://foodbank.org.au/WA/healthy-eating-hub)

### Etiquette

Smoking is not permitted by law in all buildings, including licensed premises, or on public transport. It is considered very impolite to smoke a cigarette while other people are eating. If you wish to smoke in someone's house, it is good manners to ask permission. Do not be offended if the owner asks you not to smoke in the house.

Chewing gum or eating food noisily or with your mouth open is considered bad manners in Australia. Sniffing and spitting are also habits not appreciated by Australian people.

Australians form queues (lines) when they are waiting for service in banks, supermarkets, cinemas etc. and do not accept you 'jumping in' ahead of their place in the queue.

When leaving a shop, office or classroom, it is usual to hold the door open for those following, and/or to stand back to let another person through the doorway.

On public transport, it is conventional for younger people to give up their seats in favour of older people, pregnant women and those with special needs.

It is a legal offence to throw rubbish on the ground and not in a rubbish bin, including cigarette butts. Australians value their environment and try to keep it as clean as possible.

### Leisure and sporting activities

The pleasant climate and beautiful environment provide numerous opportunities for leisure and sporting activities.

Sport is popular and there are excellent swimming pools, ovals, tennis and squash courts, leisure centres, basketball courts, golf programs, beaches etc. Playing sport is a good way of meeting people and making friends.

#### Beach safety

At the beach always swim in between the red and yellow flags, not outside them. The flags mark the safest place to swim and the area where lifesavers and life guards patrol.

### Nightlife and other events

There are numerous cinemas, theatres, cafés, restaurants, bars and pubs for those who enjoy the nightlife. It is highly recommended that students go out at night in groups and never travel alone.

Your free local community newspaper will also have a section in it each week outlining local events.

If you are interested in planned trips and events, please visit Student Services.

#### When walking alone:

- Use footpaths and well-lit, populated areas.
- Carry your key in your hand for quick access to your car.
- Walk in pairs or in a group where possible.
- Campus security guards will escort students between buildings within Campus grounds on request, but are not available off Campus.
- Ensure music is not too loud, so you are aware of your immediate surroundings.
- Don't resist if someone snatches your bag. Your life is more important than your belongings.
- Don't stop to give directions or information to strangers when asked, especially at night.
- Walk confidently at a steady pace so that you do not appear vulnerable.
- If you're staying on Campus after dark, move your car closer and to a well-lit area, where possible.
- Make sure to always pay attention when walking.

#### Please contact your School to report the following issues:

- Safety concerns
- Maintenance and repairs
- Emergency cleaning requirements

## Laws and regulations

### ESOS framework

Student visa holders are covered by the Education Services for Overseas Students (ESOS) legislative framework. It is important for student visa holders to understand their rights and responsibilities under the ESOS framework. For more information on the ESOS framework, please see: [www.education.gov.au/esos-framework](http://www.education.gov.au/esos-framework)

The University recommends that students refer to the following documents prior to commencing their studies:

#### 1. University Policies and Guidelines

This can be found on the University website: [notredame.edu.au/about/policies](http://notredame.edu.au/about/policies)

#### 2. University Regulations

This can be found on the University website: [notredame.edu.au/about/governance/regulations](http://notredame.edu.au/about/governance/regulations)

## Immigration regulations

The Department of Home Affairs regulations require student visa holders to be enrolled on a full-time basis. For most university students, this means a minimum of four courses of study per semester. Students should check with their School for details of program requirements. For Study Abroad students, five courses are required, except for students whose home university approve less or whose first language is not English.

It also requires that neither your passport nor your visa expire during your studies at the University. Please be aware of your passport and visa expiry dates. If your passport and/

or visa expires, you may be forced to return to your home country. If you have any questions regarding your visa or immigration regulations, please visit [homeaffairs.gov.au](http://homeaffairs.gov.au).

Your student visa will be issued for the duration of your program. It is important to note, any extensions of time to complete your program will have implications and potential added costs on your student visa. An overseas student who requires an extension of time must contact the Department of Home Affairs.

## Expectations of international students

Students are required to meet the standards of behaviour, attendance, academic performance and concern for others that are expected at the University.

Students must ensure they maintain the following enrolment requirements:

1. Maintenance of current contact details – students must notify the Education Provider of their new address within seven days.
2. Attendance – students must maintain an 80 per cent attendance record of the scheduled contact hours.
1. Academic performance – students must maintain consistent academic performance (Good Standing\*).
2. OSHC cover – students are required to purchase OSHC cover for the duration of their visa.

## Work and Study Rights

### Student visa holders

If you were granted a student visa on or after 26 April 2008, you and your dependent family members will already have permission to work included with your visa.

You cannot work until you have commenced your program in Australia. Once your program has commenced you are permitted to work a maximum of 40 hours per fortnight (a fortnight means a period of 14 days commencing on any Monday and ending on the second following Sunday) when your program is in session, and unlimited hours when your program is not in session. From July 1 2023, the cap will increase to 48 hours per fortnight.

### Tax File Number

You will also need to complete a Tax File Number form (TFN), and submit it to the Australian Tax Office (ATO) before you commence work. All companies are required to supply the ATO with the tax file number of their employees and you will be taxed on your earnings from your job. For more information regarding tax file numbers and the procedure for tax returns, please contact the ATO: Tel: 13 28 61\*\* [ato.gov.au](http://ato.gov.au)

### Age requirements

Please note – An applicant seeking admission to study at The University of Notre Dame Australia on an Australian student visa must be 18 years of age at the start of the teaching period in which they will begin their studies.

## Overseas Student Health Cover (OSHC)

### General Information for all International students

The Australian Government has made it a requirement of your student visa that you have adequate medical insurance or health cover from an Australian Health Fund. There are currently five Providers which are approved by the Australian Government; Bupa, Allianz Global Assistance, Medibank Private, AHM and NIB.

The University has proudly partnered with Bupa as our preferred provider. Bupa is Australia's largest quality health and care provider and all new international students (exchange and study abroad included) enrolled at the University will be covered by this provider, unless proof of other cover is provided. Your OSHC is invoiced to you for payment with your first semester's fees before you arrive in Australia. If you are an exchange or study abroad student you will be charged for this in accordance with arrangement that The University of Notre Dame Australia has with your home University. It is effective from one week before the Orientation Week and is valid for the length of your visa. Thus, you will not need to worry about renewing your cover while you are studying the same program. If you arrive before the cover starts, please notify the International Office as to when you arrive in Australia so that health cover can be arranged.

Should you change/extend your program, it is your responsibility to ensure that you remain covered as long as your length of visa. Should your OSHC lapse, you are not only in breach of your student visa requirements, which means that your visa could be cancelled, but you will also not be covered for any medical bills that you incur during the lapsed time. Medical costs in Australia are very high. Please ensure that your

cover remains valid at all times and note that permission for re-enrolment each semester at the University requires evidence of your current OSHC cover.

### English language skills

Although you may have meet the English language entry requirements to study at The University of Notre Dame Australia, you will need to give yourself time to develop further English language skills depending on your English proficiency level, and previous study experience. You should be aware that English for academic purposes is different from English for conversation. In addition, it may take time to adjust to the Australian accent.

Your first year at the University will be very important in terms of learning the specialised English for each topic. The Learning Advisors in Student Success run lunchtime workshops, and one on one sessions Semester for international students who may need require additional English language or Academic assistance during their studies. You can visit them on campus in Perth or Sydney at anytime during Semester.

If you have any further queries regarding study support, please contact Student Success: [student.success@nd.edu.au](mailto:student.success@nd.edu.au)

### Enrolment, timetables and tutorial sign-ups

You will work with staff from your School to determine the classes you are going to enrol in for the coming year. From there you will need enrol online through PeopleSoft Student Self Service, using your new student number and password.

Timetables will be available after you have enrolled. Usually, for each undergraduate course there are two hours of lectures and a one hour-long tutorial with a smaller group. This may be different for each course you take and you should check your timetable carefully each semester to ensure you are meeting attendance requirements.

### Textbooks

#### How do I get a copy of my textbook?

You can order textbooks for your courses online at [booktopia.com.au/books-online/text-books/textbook-finder/cXC-p1.html](https://booktopia.com.au/books-online/text-books/textbook-finder/cXC-p1.html)

### Demands of study

Being a student means a lot of hard work in your own time and at times, being under pressure to get things done.

Don't wait until the last minute to get help. Please ask Notre Dame Student Success for assistance at any time.

Your lecturers and tutors can also be very helpful and knowledgeable. Sometimes students feel shy about asking for help and they wait until the last days before an essay is due. Early consultation will mean effective help. Your lecturers and tutors will expect you to discuss any issues or concerns about assignments or tutorials with them.

Many academic staff will have specified 'contact times' during which students can drop in for advice on study-related matters. One way to arrange this would be to see lecturers or tutors at the end of class and ask for a convenient time to meet.

You can also telephone or email the lecturer or tutor. Contact information for staff can be found on the Notre Dame website at [notredame.edu.au/staff/staff-directory](https://notredame.edu.au/staff/staff-directory).

### Class attendance

Attendance requirements may vary for each course you are enrolled in, within each semester. Students may need to tick the 'class attendance list' when they attend tutorials. Attendance will be monitored by your School and the Student Records & International Officer in Student Administration. If a student has not been attending at least 80 per cent of the scheduled program contact hours, the 'Non-Attendance' will be reported to the Student Administration Office and a 'Non-Attendance' letter may be sent to the student.

Non-attendance at prescribed classes may result in failure to meet program progression requirements and/or make satisfactory progress within your program. Continued unsatisfactory progress may result in termination from your program and the University, which will impact on your student visa and may result in the cancellation of your visa.

## Withdrawal from courses

**If you decide to withdraw from a Course, you must drop your courses through MyND Portal which is accessed via the University website.**

It is not sufficient to verbally inform University staff or stop attending classes. International students who are considering withdrawal from a course need to be aware of the Department of Home Affairs regulations for full-time enrolment in their program.

There are two important dates each semester for withdrawal from courses that you need to be aware of:

### Financial Penalty Date/ Census Date

This is the last date by which you can notify your withdrawal from a course without financial penalty (that is, paying for the course).

- 17 March 2023 for standard Semester One (2023) courses
- 18 August 2023 for standard Semester Two (2023) courses

### Academic Penalty Date

This is the last date that you can withdraw from a course without your academic record showing your result for that course as a Fail grade.

- 19 May 2023 for standard Semester One (2023) courses
- 20 October 2023 for standard Semester Two (2023) courses

**Note: some courses have non-standard Census 2023 Dates and it is very important you check the Census Dates (available on the website) for all courses you are enrolled in each semester.**

**It is your responsibility to ensure that you have dropped your courses prior to the deadline.**

**Student Transfers**, please view the Policy: International Student Transfer ([notredame.edu.au/about/policies/student-policies](https://notredame.edu.au/about/policies/student-policies))

## Leave of Absence/ Deferral

An International student on a student visa is only permitted to take leave/ defer under very limited circumstances, on the grounds of compassionate or compelling circumstances (e.g. an extended illness which affects your ability to study, bereavement, a disaster in your home country requiring your return, a traumatic experience which affects your ability to study etc).

2. Original Medical Certificate or supporting documentation to support the Leave of Absence.
3. Intervention Strategy form (liaise with your School to prepare this form).

- There is no maximum period for a deferral under compassionate or compelling reasons, but the deferral must be assessed in accordance with the registered providers' policies and procedures.

For more information on intervention strategies, Leave of Absence, Change of Providers and Release Letters, please view the Policy: International Students ([notredame.edu.au/about/policies/student-policies](https://notredame.edu.au/about/policies/student-policies))

International students must be aware of their visa conditions, their roles and responsibilities during their time studying at Notre Dame University.

For further information about student visa conditions, reporting to the Department of Home Affairs, roles and responsibilities, and more detail relevant to the University's cancellation policies, and the grounds on which a student's enrolment can be cancelled or suspended, please refer to [POLICY-International-Students.pdf](#) And [Procedure-Intervention-Strategy.pdf](#)

# Complaints and appeals policies

## Student grievances

The University recognises that students may wish to appeal against academic or administrative decisions affecting them (Appeal) or to raise a problem, issue or complaint concerning their current or past involvement with the University (Grievance).

Before lodging an appeal, students are encouraged to discuss the disputed decision with their Course Coordinator, Program Coordinator or National Head of School in the first instance.

### Grievances

Students may raise any problem or concern regarding their involvement with the University. Respect Officers are available to provide students with information and support regarding the University's student grievance resolution procedure.

### More information

- Where the Student is entitled to a refund, the refund will be remitted from the date of submission of the Refund Request form to the University in accordance with the respective ‘provider obligation period’ specified in sections 46D, 47D or 47E of the ESOS Act.
- Prior to any refund being remitted, the University will provide the Student with a Notification of Refund Statement setting out the amount of refund to be remitted and the basis for this amount.
- Refunds will be remitted in Australian dollars and will be made to a bank account nominated by the Student or, in the case of Study Abroad and Exchange Students, to the institution from whom the fees were originally received (unless the University receives different written instructions from that institution).
- If a partial refund of Tuition fees applies, the partial refund will apply to the current Semester only. A full refund of Tuition fees will be made for Tuition fees relating to any subsequent Semester.
- A partial refund of Tuition fees (rounded up to the nearest whole dollar) will be calculated as the product of (i.e. multiplied by) the weekly Tuition fee and the number of weeks (rounded up to the nearest whole number) in the default period, see diagram A.

- In the unlikely event that the University is unable to deliver the Student’s Program in full, the Student will be notified of this and offered a refund of unspent Tuition fees paid to the University. Alternatively, the Student may be offered enrolment in an alternative Program by the University at no additional cost to the Student. The Student may elect to receive either a full refund of unspent Tuition fees, or to take up an offer to enrol in an alternative Program. If the Student elects to enrol in an alternative Program, the University will ask the Student to sign a document to confirm the change of Program, as prescribed by the Registrar’s Office.

Review of Refund Amount

- The Student may request the Campus Registrar review the amount set out in the Notification of Refund Statement. A review request must be made in writing and set out clearly the reasons why the Student disputes the refund amount. The Campus Registrar shall consult with the National Director – International on commencing Student review requests.
- A request for a review must be received within twenty Working Days of the date of the Notification of Refund. The Student may be required to submit independent documentary evidence to support their reasons for requesting a review.
- The Campus Registrar’s decision may be appealed to the University Registrar in accordance with the Policy: Student Appeals.
- This policy, and the complaints and appeals processes of the University, do not remove the right of the Student to take further action under Australian Consumer Law.
- In the case of any disputes, the University’s Dispute Resolution processes do not circumscribe the Student’s right to pursue other legal remedies.
