

Printer Supplies

Library Printers

Library printer supplies are maintained and serviced by your IT Service Desk. If you receive a notification on your printer for replacement of supplies, please email the following information:

- Location
- Printer Model
- Serial Number

Associations and Groups

When supplies reach their threshold an order is placed to Konica Minolta who ship the required supplies to your printer location. No need to remove the required supplies until a new one is delivered.

Specialty parts including Transfer Kits, Fuser Kits, Roller Kits and Document Feeders require assistance from a Support Technician for installation and removal. If you receive a notification on your printer for the replacement of these parts, please email the IT Service Desk the following information:

- Location
- Printer Model
- Serial Number

All printer consumables are recycled using the specialty bins located in the IT Office. Please return all printer consumables to these bins for proper disposal. Boxes from printer parts should be flattened and placed in the closest recycle bin on campus. IT does not handle the recycling of boxes and plastic wrap.

Please kindly contact your campus Service Desk if you require assistance.
