

THE UNIVERSITY OF NOTRE DAME AUSTRALIA

INTERNATIONAL GUIDE 2026

Welcome to the University of Notre Dame Australia's International Guide 2026

5-star ratings*

Learner Engagement
Skills Development
Graduate Salary
Full-Time Employment

*Good Universities Guide 2025, undergraduate and postgraduate categories

OUR OBJECTS

The objects of the University are —

- (a) the provision of university education, within a context of Catholic faith and values; and
- (b) the provision of an excellent standard of —
 - (i) teaching, scholarship and research;
 - (ii) training for the professions; and
 - (iii) pastoral care for its students.

ACKNOWLEDGMENT OF COUNTRY

The University of Notre Dame Australia is proud to acknowledge the traditional owners and custodians of this land upon which our University sits. The University acknowledges that the Fremantle Campus is located on Wadjuk Country, the Broome Campus on Yawuru Country and the Sydney Campus on Gadigal Country.

“Notre Dame offers students academic excellence, a diverse array of undergraduate and postgraduate study options, practical real-world training and a strong focus on pastoral care and community, all while experiencing the best an Australian lifestyle has to offer.”

The University of Notre Dame is a national university with almost 12,000 students, stretching across Australia with campuses in Fremantle, Broome and Sydney. Our University also has seven well-established clinical schools located throughout the eastern states of New South Wales and Victoria.

We are part of the wider family of more than 2,000 Catholic colleges and universities around the world. We welcome students and staff of all faiths and pride ourselves on providing a supportive and welcoming community for all.

One of Australia’s top-ranked universities for learner engagement, skills development, graduate salary and full-time employment, the University draws on a rich tradition of teaching, scholarship and research.*

We offer a wide range of undergraduate, postgraduate and research degrees across three faculties—Arts, Sciences, Law and Business; Education, Philosophy and Theology; and Medicine, Nursing, Midwifery and Health Sciences. We place a strong emphasis on practical real-world training, ensuring that our graduates are highly sought-after in the competitive employment marketplace.

As a university, we nurture our collaborations with industry and community, and our respectful engagement with Indigenous communities. We are committed to making a tangible and positive difference through partnerships and research and take pride in our solid platform of research engagement across four principal research institutes: the Institute for Ethics & Society in Sydney, the Centre for the History of Philosophy in Sydney, the Institute for Health Research in Fremantle and the Nulungu Research Institute based in Broome.

We are currently creating exciting new spaces and facilities across all our campuses. From the new student hub and library in Fremantle to the recently opened Kimberley Centre for Remote Medical Training (KCRMT) in Broome and vibrant extensions to the existing Broadway Campus in Sydney that are underway, we aim to provide our students with an exceptional learning environment.

Our number one priority is our students. We are deeply committed to supporting them to thrive through learning and contributing to their communities. We also encourage and support our staff to ensure they feel part of the Notre Dame community, with opportunities to succeed and make a difference.

Our University is defined by its commitment to ensuring pastoral care and education of the whole person—academic, social, physical and spiritual—remain at the core of everything we do.

Choosing the right university for your international study experience is an important decision and I am delighted that you are considering Notre Dame.

Please do reach out should you require additional information.

We do hope that you will join us in creating a bright and resilient future together.

Professor Francis Campbell
Vice Chancellor

*Good Universities Guide 2025, undergraduate category.

WHY US

5 reasons to choose the University of Notre Dame Australia

Boost your employability

Practical degrees with professional workplace experience

Expert lecturers and industry connections

Safe and accessible campuses

Extensive network of international alumni across 68 countries worldwide

10 things to do in Sydney

5.

6.

7.

8.

1. Harbour Bridge

Do a Bridge Climb and take in the views of the harbour city.

2. Opera House

Enjoy a musical or theatrical performance.

3. The Rocks

Teeming with stories from Sydney's colonial past, the Rocks is also home to lovely niche markets, plus an array of restaurants, boutique shops and bars, and is walking distance from the CBD.

4. Discover Darling Harbour

Visit Sydney Aquarium, the National Maritime Museum, restaurants, bars and cafés along King Street Wharf and Cockle Bay. Plus, you can enjoy the beauty of Darling Harbour illuminated with artistic light displays during the Vivid Sydney Festival each year.

5. Tour the museums and galleries

Sydney is home to a huge range of art galleries and museums, including the Art Gallery of NSW, Sydney Museum and Australian Museum.

6. Bondi Beach

Perhaps Sydney's most iconic beach, Bondi is also home to an enormous array of cafés and restaurants to keep you entertained.

7. Surry Hills

From cafés, restaurants, bars, cinemas and other entertainment venues, as well as markets and boutique retail shops, the trendy, inner-city suburb of Surry Hills will never leave you with nothing to do.

8. Visit Manly Beach

Catch the ferry across from the CBD and spend a day enjoying some of Sydney's most beautiful coastal scenery, and eating fish and chips on the beach.

9. Taronga Zoo

See a huge selection of animals from Australia and across the world while enjoying spectacular views of Sydney.

10. The Blue Mountains

Catch a train to the Blue Mountains and see the Three Sisters at Echo Point Lookout for a beautiful and enjoyable day trip out of the city.

CENTRAL STATION
Australia's largest station with bus, light rail
and train services to all areas of Sydney as
well as national services

Vibrant city life

Notre Dame's Broadway Campus is located in the colourful inner-city suburb of Chippendale among Sydney's most vibrant neighbourhoods. Nearby hotspots include:

- Broadway Shopping Centre
- Hoyts Cinemas
- Over 100 specialty outlets
- Central Park Mall
- Sydney's famous Spice Alley
- Palace Cinemas
- Glebe
- Newtown
- Sydney CBD

Schools

The University has an array of buildings located throughout Chippendale to accommodate our growing student population, and the recent acquisition of the adjacent Blackfriars site will substantially expand our campus. The Broadway Campus is home to our School of Law & Business, School of Arts & Sciences, School of Philosophy & Theology and School of Education.

Transport

Minutes from the Sydney CBD, our Broadway Campus is situated on multiple bus routes, and is just a short walk from both train and light rail stations.

BUS | Parramatta Road

Buses to and from the city every few minutes

TRAIN | Central Station (10-min walk)

Services to all areas of Sydney
National services also available

LIGHT RAIL | Central Station (10-min walk)

Services to Darling Harbour and the Inner West

SYDNEY DARLINGHURST CAMPUS

Notre Dame's Darlinghurst Campus
is minutes from the Sydney CBD
and the cultural centres of
Surry Hills and Paddington.

MUSEUM STATION

Heritage-listed station on the city circle route with train services to western and southern suburbs

Offices, shops, eateries and nightlife

DARLINGHURST CAMPUS

OXFORD STREET

Retail and restaurant hub with buses to and from the city and eastern suburbs

SYDNEY HARBOUR BRIDGE

SYDNEY OPERA HOUSE

ST VINCENT'S HOSPITAL
A leading Sydney hospital and research facility

KINGS CROSS STATION
Major station with train services to all areas of Sydney as well as national services

Vibrant city life

Just metres from St Vincent's Hospital, the Darlinghurst Campus is home to our future health experts. Nearby hotspots include:

- Darlinghurst and Surry Hills
- Palace Verona Cinemas
- Live music venues
- Galleries
- Cafés
- Sydney CBD (15-min walk)
- Hyde Park
- Sydney Tower
- Queen Victoria Building
- Shops and luxury fashion brands
- Australian Museum
- Art Gallery of NSW
- Royal Botanic Gardens
- Pitt Street Mall
- Bondi Beach (10-min by bus)
- Circular Quay, Opera House, Harbour Bridge and The Rocks (15-min by bus)

Schools

Notre Dame's Darlinghurst Campus is home to our students who are studying Medicine and Nursing degrees. Here, students have access to excellent facilities including simulated wards and consultation suites.

Notre Dame also has seven clinical schools spread throughout New South Wales and Victoria, giving students the opportunity to develop their skills in both urban and rural healthcare.

Transport

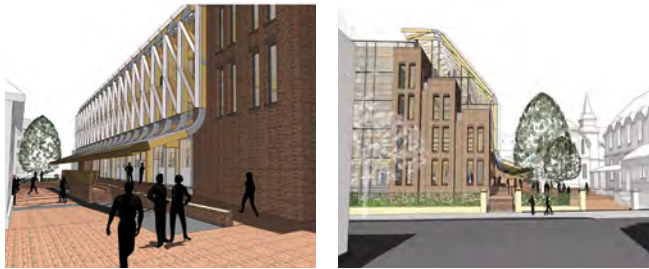

The Darlinghurst Campus is a short walk from major train stations and is well-served by many bus routes.

-  **BUS | Oxford Street**
 Buses to and from the City and Eastern Suburbs every few minutes
-  **TRAIN | Kings Cross Station (10-min walk)**
 Services to all areas of Sydney
 National services also available

Campus facilities

Broadway

A bigger, more-connected Sydney Campus

Notre Dame is making an ambitious multi-million dollar investment in our Broadway Campus in Sydney, connecting our existing site with new spaces which will be home to new facilities for students, modern teaching spaces, better amenities and will expand our campus by more than 6000 square metres.

The development will deliver an exciting new heart for the Broadway Campus in one of Sydney's most vibrant areas with a strong focus on improving the experience of our students. The expansion will also create better flow and access across the Broadway Campus, supporting our commitment to fostering a collaborative educational community in one of Sydney's most dynamic areas.

New facilities for nursing, midwifery and allied health

From 2026, Nursing, Midwifery and Allied Health students will have their own newly redeveloped building as part of the Broadway Campus.

The new space will be home to state-of-the-art simulation labs, technology for hands-on learning, new classrooms and student-specific spaces for both quiet study and group work. The brand new facilities also include kitchens, change rooms and secure bicycle storage. This new building in vibrant Chippendale is surrounded by great food, shopping, tree-lined streets, and other amenities in the heart of Sydney. It is a short walk from both Central and Redfern train stations.

Pioneer House

Home to the Prospective Students Office, the School of Education, the Student Wellbeing Support Centre and Student Success, Pioneer House also contains three large lecture theatres as well as a range of teaching spaces, computer labs and the Early Childhood room.

St Benedict's

St Benedict's is a vibrant, student-centred space which combines study areas with spaces for events, productions and socialising. The building includes a range of teaching and lecture rooms, a theatre room, computer lab, communications lab as well as ample bicycle parking in the courtyard. St Ben's Hall is situated on level 1 overlooking the courtyard. St Benedict's is also home to Student Life (situated on the ground floor), the School of Arts & Sciences, and the Chaplaincy Convener's Office.

St Benedict's Library

This recently updated space offers students a comprehensive library experience. Not only is it home to an extensive library collection, it includes meeting rooms, quiet study spaces and collaborative areas. Individual workstations include monitor docking stations and power charge points to ensure students can maximise their study time. The library also has shower facilities and bicycle parking out the front for students wishing to go green when travelling to our campus.

School of Law & Business

Notre Dame's School of Law & Business on the Broadway Campus consists of two main teaching spaces as well as the moot court which allows students to hone their litigation skills in a simulated court room environment.

Darlinghurst

Notre Dame's Darlinghurst Campus is home to our budding health professionals, training for careers in nursing, medicine and other health-related roles. As such, the campus facilities support training for these professions.

New simulation laboratory/wards

Three new simulation labs/wards, including associated prep areas and stores, have been built for our nursing, midwifery and medical students. All are fitted with new audio-visual technology, including digital touch panel screens, tutorial recording and broadcast.

Proximity to St Vincent's Hospital

Notre Dame's Darlinghurst Campus is located next door to St Vincent's Hospital, which allows our medical and nursing students easy access to state-of-the-art facilities to apply their knowledge and skills to real-world scenarios, and to be mentored by health professionals.

Accommodation and cost of living

Accommodation and living costs depend on many factors such as which city you live in, the type of accommodation you choose and your lifestyle preferences.

Cost of Living	Sydney weekly costs
Rent per person in shared off-campus accommodation*	\$280–\$735
Groceries and eating out	\$240–\$368
Utilities (gas/electricity)	\$10–\$21
Phone and internet	\$20–\$42
Public transport†	\$40–\$63
Entertainment	\$80–\$158
Total	\$670–\$1,386

Calculating your total living costs of study

When calculating your total cost of study in Sydney, you should factor in the following:

- Tuition fees
- Visa application fees
- Overseas Student Health Cover (OSHC)
- Flights
- Costs of living (such as those in the table)
- Additional costs associated with or applicable to your studies (such as textbooks, uniforms, immunisations, stationery): visit notredame.edu.au/study/fees-incidentals for further information
- Other personal expenses

DISCLAIMER

This table details approximate costs that you may incur while studying at the University and living in Sydney. It should be used as a guide only. It's a requirement of the Australian Government that prospective international students demonstrate they have access to at least A\$29,710 a year (as of 26 March 2025) to fund their living costs and additional funds if bringing partners or family. For the latest figures please refer to the Australian Government website: studyaustralia.gov.au/english/live/living-costs

*Prices vary depending on the condition of the property, the number of people you share with and the proximity of the accommodation to the centre of Sydney.

†Transport costs will vary depending on how close you live to campus.

All the above are cost estimates using the Insider Guides Cost of Living Calculator.

Additional study costs

Some degrees have additional costs associated with them. These may vary depending upon the individual courses chosen. These costs are in addition to tuition fees. Examples of incidental (non-tuition) fees include uniforms, specialist equipment, field trips and immunisations.

To view the incidental (non-tuition) fees for a degree please visit notredame.edu.au/international/fees

Sydney

While the University of Notre Dame Australia does not offer on-campus accommodation in Sydney, options for student accommodation close to campus include rooms in residential colleges, shared student apartments and private rentals.

Master's or doctoral international students with school-aged children

Dependants of master's or doctoral students are not required to pay public school tuition fees for accompanying dependant students for the duration of their postgraduate study period. The tuition fee waiver only applies when the visa holders are currently enrolled in full-time postgraduate studies at a recognised Western Australian university. The tuition fee waiver does not apply before or after the study period e.g. an English language program, bachelor's degree, etc. During this time the dependant is a full fee-payer.

10 things to do around Perth

1. Discover Fremantle city

Locals affectionately call it 'Freo'. The city is not only home to the University's Perth Campus, but also a charming and eclectic place to discover, with beautiful and historic buildings, waterfront restaurants, cafés, breweries and much more.

2. Stroll around Elizabeth Quay

Set on the banks of the Swan River, this beautiful waterfront precinct is the perfect place to take a stroll, stop for a bite to eat or learn about the Dreaming stories of the Aboriginal people.

3. Relax in Kings Park

One of the largest inner-city parks in the world overlooking the breathtaking Swan River and city skyline, Kings Park is the perfect spot for you to sit back and enjoy this stunning natural landmark.

4. Watch the sunset at Cottesloe Beach

One of 19 pristine beaches lining the city's coastline, Cottesloe is one of Perth's most popular beaches and the perfect place to have an afternoon swim and watch one of the stunning sunsets Perth is famous for.

5. Swim at Wadjemup/ Rottne Island

Just a short ferry ride from Perth or Fremantle, Rottne Island is a must-see with its picture-perfect beaches and its cute quokkas. Ideal for a day trip or a longer stay vacation.

6. Immerse yourself in culture and arts in Northbridge

A dynamic area known for its arts and culture, Northbridge and its restaurants and bars come alive at night. Northbridge is also home to Boola Bardip (WA Museum), the Art Gallery of Western Australia and Heath Ledger Theatre. Each year it is the central hub for Perth's Fringe World Festival and Perth Festival.

7. Take a drive to the Swan Valley and sample some of the best wines

Western Australia's oldest wine region is just a 25-minute car ride from the Perth city centre. The Swan Valley is the perfect place to take a Sunday drive, following the Swan Valley Food and Wine Trail to sample award-winning wines and gourmet delights such as cheeses, preserves, ice-cream and chocolate.

Venture out of Perth

8. Swim with dolphins in Rockingham

Between September and June, you can enjoy the unique experience of swimming with wild dolphins in the sheltered waters of Rockingham, just 40 minutes south of Perth.

9. Take a road trip down south

Ranked as Lonely Planet's number one destination in Asia Pacific in 2019 and number 7 in Australia in 2021, the Margaret River, Cape Naturaliste and South West region has pristine forests, beaches, wineries and world-class restaurants all waiting to be discovered.

10. Swim with the whale sharks on Australia's Coral Coast

North of Perth is where you will find turquoise waters, pristine islands nestled against wildflowers and a quintessential outback landscape. Drive to the world heritage listed Ningaloo Reef and you could have the once-in-a-lifetime opportunity to swim with the majestic whale sharks, the largest known fish in the world.

PERTH

30 minutes from the centre of Perth, **Notre Dame's Perth Campus** is located in the port city of Fremantle's West End. Housed in historic buildings with a café on every corner, it boasts both charm and convenience.

SWAN RIVER

Popular for sailing and paddling, with many picnic spots along its banks

FREMANTLE TRAIN STATION AND BUSPORT

Train services to western suburbs and Perth central business district as well as bus services to all areas of Perth

ROTTNEST ISLAND FERRY TERMINALS

Large shady park home to regular public events

FREMANTLE HOSPITAL ▶

FREMANTLE FISHING BOAT HARBOUR WATERFRONT

Seafood restaurants and brewery

Vibrant city life

Vibrant. Friendly. Inner-city. Instagram-worthy. These are some of the words our students use to describe university life at Notre Dame.

Unwind between classes in our refurbished student hall or relax at the Esplanade Park – a minute walk from campus. You're never far from a café, and the Cappuccino Strip and Fishing Boat Harbour are home to numerous restaurants. The brand new Walyalup Koort development hosts an array of eateries and entertainment options including bowling and mini golf. Then there is Bathers Beach, only a few steps from campus, which makes the perfect getaway on those long summer days.

Schools

Featuring heritage buildings and leafy courtyards, Notre Dame's Perth Campus provides a welcoming social hub in the heart of historic Fremantle. The Campus has around 40 buildings located in the West End to serve our growing student population. The Perth Campus is the foundation Campus and is home to our School of Nursing & Midwifery, School of Health Sciences, School of Medicine, School of Arts & Sciences, School of Law & Business, School of Education and School of Philosophy & Theology.

Transport

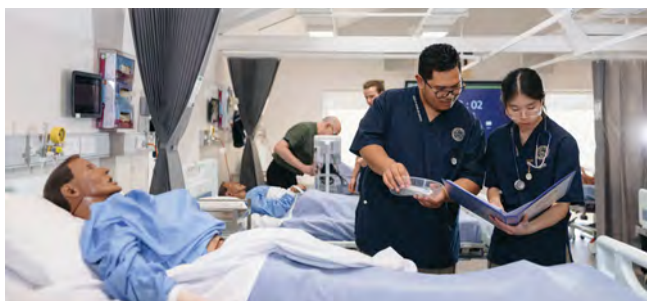

Just minutes from the Fremantle CBD, the Campus is only a short walk from the Fremantle train station and busport. From there, it's a 30-minute train ride to Perth city, with buses running regularly to suburbs across Perth.

Campus facilities

Perth

Notre Dame's Perth Campus has around 40 buildings and houses faculties and schools from across the University's whole suite of disciplines. The campus has a range of state-of-the-art facilities, with a number recently upgraded to support our health sciences, physiotherapy, medical and nursing students in their training for the professions.

New simulation laboratory/wards

Three new simulation labs/wards have been built for our medical, nursing and health sciences students. All are fitted with new audio-visual technology, including digital touch panel screens, tutorial recording and broadcast, plus individual bed recording for skills assessments.

We have also invested in state-of-the-art new nursing and midwifery training facilities that simulate the high-pressure environment of a real-world hospital to ensure our graduates are more job ready. Along with advanced diagnostic and treatment equipment, the labs feature high-fidelity training mannequins that can speak, groan or scream in pain, breathe, have a pulse, blood pressure, veins for injecting medications, and can even mimic medical emergencies such as a cardiac arrest.

Health sciences/physio gyms

Two improved/new gymnasiums and health sciences labs are available for our physiotherapy and health sciences students, with state-of-the-art 3D high-definition video capture technology.

Prindiville Hall

Recently refurbished, the new space provides numerous facilities to students including a home for the Student Association, student groups and committees, meeting rooms, quiet study space, a brand new kitchen facility, open plan lounge and break out areas, a new arcade games room.

Prindiville Hall complements the University's Library and more formal learning areas as it offers modern spaces to serve less formal learning and meeting purposes.

Biomedical labs

Installation of 3 new biomedical labs occurred over 2 phases. Thanks to these new labs, this heritage-listed building now provides contemporary teaching and learning facilities for biomedicine and related disciplines.

Accommodation and cost of living

Accommodation and living costs depend on many factors such as which city you live in, the type of accommodation you choose and your lifestyle preferences.

Cost of Living	Perth weekly costs
Rent per person in shared off-campus accommodation*	\$200–\$420
Groceries and eating out	\$200–\$315
Utilities (gas/electricity)	\$10–\$21
Phone and internet	\$20–\$42
Public transport†	\$30–\$63
Entertainment	\$80–\$158
Total	\$540–\$1,019

Calculating your total living costs of study

When calculating your total cost of study in Perth, you should factor in the following:

- Tuition fees
- Visa application fees
- Overseas Student Health Cover (OSHC)
- Flights
- Costs of living (such as those in the table)
- Additional costs associated with or applicable to your studies (such as textbooks, uniforms, immunisations, stationery): visit notredame.edu.au/study/fees-incidentals for further information
- Other personal expenses

Scholarships: realising your potential and goals

WA Premier's Scholarship

This program is for high-performing international students studying at one of Western Australia's five universities. One scholarship per semester will be awarded to successful international students studying at the University of Notre Dame Australia until Semester 2 2026. Prospective, offshore international students must apply directly through the University of Notre Dame Australia to receive this scholarship.

If successful, students will receive \$50,000 towards their university fees over the course of their studies at the University of Notre Dame Australia. Please check the Western Australian Premier's University Scholarship conditions (the University of Notre Dame Australia) for the full list of eligibility criteria, notredame.edu.au/current-students/opportunities/scholarships/western-australian-premiers-university-scholarship-application.

STUDENT SUPPORT

We're here for you

Student support

International Student Support

Our International Student Support webpage contains a collection of important and useful information for international students studying at Notre Dame. With weblinks and information about key dates, fees, academic matters, accommodation, student life, and more, it is a valuable resource for all international students, notredame.edu.au/students/support/international-student-support.

Student Orientation

There is a lot to explore and discover when first arriving on campus. Orientation, sometimes known as 'O-Week', will not only help you find your way around the University, but also help you meet new people and learn more about life in Sydney or Perth. Orientation Week starts one week before classes commence and attendance is compulsory for all international students, including Study Abroad and Exchange students. Detailed information about Orientation is released closer to the start of semester via the Getting Started pages on our website, notredame.edu.au/study/getting-started.

Academic support

Throughout your degree, you will have access to a range of programs and opportunities to help you succeed at university. Most support is provided free of charge by the Student Success team and is delivered via workshops and individual appointments with a Learning Advisor on topics such as referencing and academic integrity, time management, assignment writing, critical reading, note-taking, understanding feedback from assessments, and exam anxiety.

English as an additional language support

If English is not your first language and you need additional assistance to manage your studies in English, you can make an appointment to see Learning Advisors skilled in assisting students with academic English.

Mentoring program

As an international student, you'll be matched with an experienced student mentor who will meet with you regularly. Your mentor will share useful information and help you settle into university life in Australia. They'll guide you on how to access important services, find helpful resources, and get involved in events—so you can make the most of your time at university.

Access and inclusion

A variety of support is available for students with a temporary, episodic or permanent medical condition or disability which impacts their studies. Support options can include:

- Changes to examination conditions
- Equipment and assistive technology
- Alternative format study materials
- Tailored study skills support in conjunction with a Learning Advisor.

Student wellbeing, safety and support

At Notre Dame, we are committed to the wellbeing, safety and support of all our students. Professional, confidential and holistic support is tailored to each student's individual needs.

In addition to one-on-one and group support, the University delivers education and awareness programs that foster a safe, healthy and respectful community.

Counselling

The Student Counselling Service provides students with free, confidential counselling and psychological support to help you with a wide range of personal, psychological and study-related issues, including cultural adjustment, living away from home, problems in relationships, and balancing study, life and work.

Chaplaincy

The Chaplaincy team works to encourage and engage students in faith both on and off campus and to offer the opportunity for students to flourish and seek excellence beyond measurable academic criteria. Activities include:

- Interaction between international and local students
- Opportunities for reflection and prayer
- Daily Mass
- Scripture study and discussion
- Spiritual retreats
- Special events and guest speakers.

Multi-faith prayer room

A multi-faith prayer room is available on the Perth Campus.

Student Life

Student Associations

The University's Student Associations are at the centre of student life. The Student Associations represent and support all students and create engagement opportunities that contribute to the University's vibrant community.

Clubs and societies

There are also numerous student clubs and societies offering opportunities for you to develop socially, culturally, professionally, spiritually and academically.

Sports

Student Life supports and enables participation in a wide variety of sporting, social and cultural pursuits. You can get involved in social sporting competitions, or intervarsity events such as the UniSport Nationals.

EMPLOYABILITY

Notre Dame boosts your employability

Professional experience

Our degrees focus on preparing you for the workplace by providing theoretical knowledge, as well as practical skills and a multitude of professional experience opportunities.

In fact, practical workplace experience forms part of every degree at the University, which means you benefit from numerous opportunities to develop and refine the skills needed to enhance your employability and ensure you graduate job-ready.

We also offer an extensive array of joint initiatives with business and industry, as well as internship and mentoring opportunities to provide you with chances to work alongside experts and professionals in your field of endeavour. In addition, our Volunteer Network offers opportunities that allow you to give back to the community while adding real-life experience to your CV.

Learning from experts

Students benefit from the expertise of our lecturers, who are leaders and experts in their field, many of whom are actively working in their industry. So, you can rest assured knowing that you are learning from the best and developing the most up-to-date and applicable skills and knowledge.

Career support

From day one of your studies, the Careers and Employability team can help you develop your employability skills and support you with your career planning and preparation. We offer an appointment-based service and a 24/7 career service platform called CareerHub, which is full of helpful resources to support your career journey. Once you enrol, simply visit careerhub.nd.edu.au to access resources and services provided by the Careers and Employability team.

SCHOOL	PRACTICUM HOURS (total for degree)	
	SYDNEY	PERTH
Arts & Sciences	80 hours	90–225 hours
Business	150 hours	150 hours
Education	16–30 weeks	16–30 weeks
Health Sciences	150–1,000 hours	150–1,000 hours
Nursing	800–1,200 hours	800–1,200 hours
Physiotherapy	750–1,000 hours	750–1,000 hours

Ethical and critical thinking

Our Core Curriculum is embedded in every degree and provides our graduates with transferable skills that are integral to every industry, vocation and profession, laying the foundation for a fulfilling career and a purposeful life.

For more information, please visit: notredame.edu.au/about/schools/sydney/philosophy-and-theology/core-curriculum.

Global experience

A global perspective adds a valuable dimension to your university education. The University of Notre Dame Australia inspires you to become an active global citizen through a range of international exchange programs, professional placements, study tours and volunteer opportunities.

Notre Dame global campuses

Through the exciting partnership with our founding partner, the University of Notre Dame du Lac, Indiana (USA), students are provided with the opportunity to study and engage in research at Notre Dame's main campus near South Bend, Indiana, or at other intellectual hubs around the globe.

RESEARCH

Our Vision: Transformative Research

Our learning and teaching is enriched by high-quality research and scholarship. We want to create and transmit new knowledge, but we also commit to making a positive difference by undertaking research which addresses real-world issues and challenges, improving the lives of people in our communities.

For more information on our research visit notredame.edu.au/research

For information about our suite of research degrees, please see page 68–69

E R

Research institutes and centres

Institute for Ethics & Society

The Institute for Ethics & Society conducts research that aims to improve contemporary social, political and individual life by exploring how the virtues can strengthen civil society and support human flourishing; life, death, and the care we receive; and the role of religion and spirituality in political and personal life.

We're a cross-disciplinary team of moral philosophers, bioethicists, and social scientists who partner with a wide range of industry and community groups – from schools and hospitals to grassroots political and religious organisations – and we pursue excellence in research, public engagement and ethics education.

Institute for Health Research

Collaborating with partners within the University, the health sector, and research agencies, the Institute for Health Research (IHR) supports and drives innovative research to address the health needs of vulnerable individuals. Researchers at the IHR are leaders in the utilisation of artificial intelligence to prevent cardiovascular events and manage cardiovascular risk in the context of climate change. The research program of the IHR also addresses the health needs of individuals experiencing homelessness, end-of-life care, recovery from injury, and complex health research methodologies and analyses. Staff at the IHR are committed to supporting the educational and professional development of students pursuing a master's or PhD by research and to providing a vibrant and supportive environment dedicated to high-quality research designed to enhance the health and wellbeing of our community.

Nulungu Research Institute

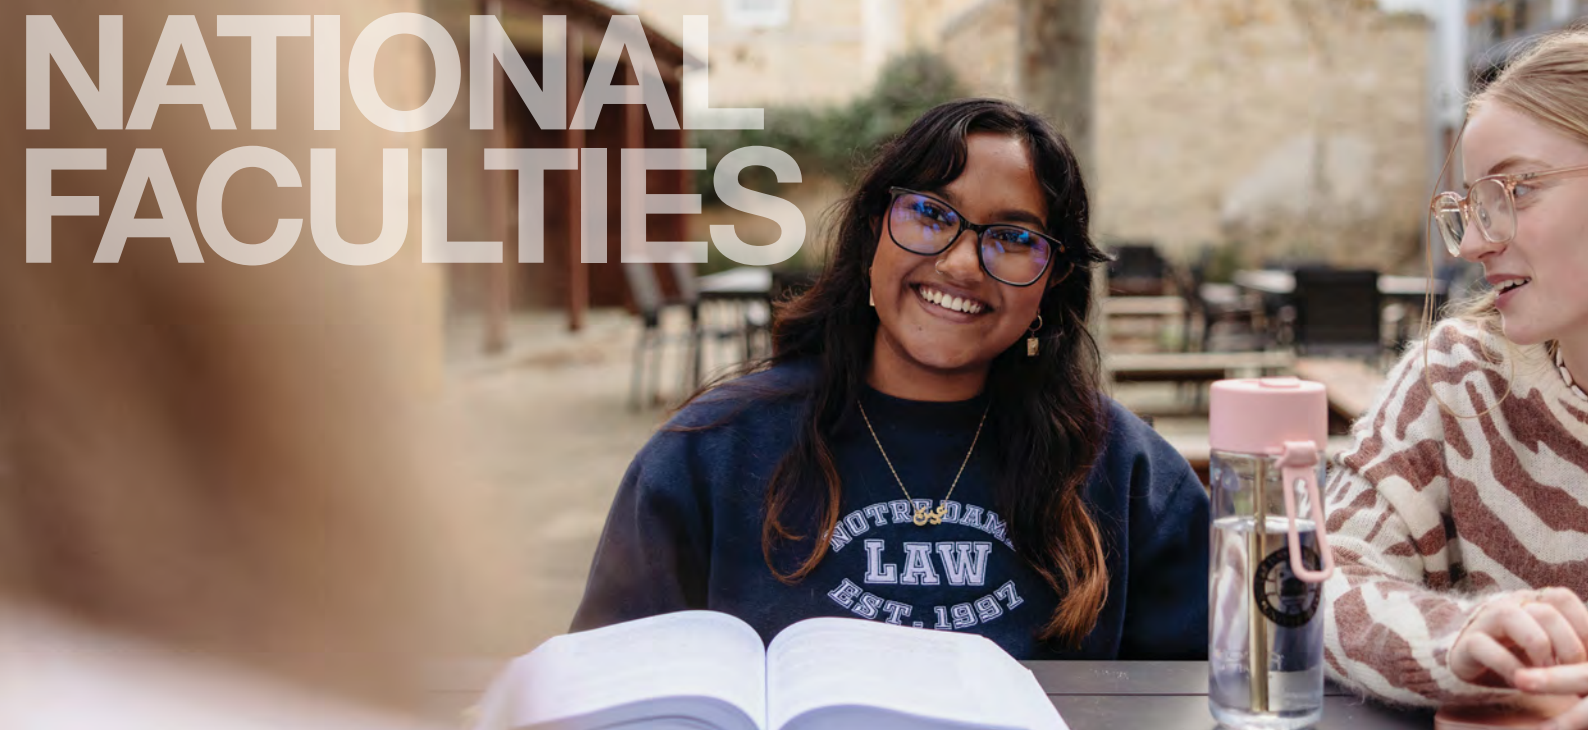

The Nulungu Research Institute focuses on five core research themes – Culture Country and Language; Transformative Learning; Aboriginal Wellbeing; Sustainable Lifeways and Social Justice; and Policy Practice and Evaluation – within a context of valuing Aboriginal knowledge. Based at the University of Notre Dame Australia in Broome, a Campus of Reconciliation, our research is guided by our collective vision, 'To conduct collaborative research which is transformative, decolonising and of value to Aboriginal people with a focus on the Kimberley'.

A key feature of Nulungu's research profile is impactful community-driven collaborative projects with national and international academic institutions, teaching and research communities, government and industry.

Centre for the History of Philosophy

The Notre Dame Centre for the History of Philosophy is a leading venue for History of Philosophy research in Australia. Our researchers have broad expertise across the history of philosophy, particularly ancient philosophy and philosophy in the Abrahamic traditions, and we host a number of externally-funded projects in these areas. We publish History of Philosophy research in leading academic journals and book presses, supervise research master's and PhD students, host events and visiting scholars, and collaborate with Australian and international partners in our research projects, including the History of Philosophy Forum at the University of Notre Dame (US).

NATIONAL FACULTIES

National faculties

Faculty of Arts, Sciences, Law and Business

This faculty contains the School of Arts & Sciences and the School of Law & Business. This faculty develops graduates who have the power to transform and enrich society, create new knowledge and find innovative solutions to local and global challenges, whether that be in the world of business, law, science or the humanities.

Faculty of Education and Philosophy & Theology

This faculty contains the School of Education and the School of Philosophy & Theology. This faculty aims to prepare the next generation of ethical leaders to face the challenges of contemporary teaching and learning while developing critical thinking skills and investigating the bigger questions of life, spirituality, morality and ethics.

Faculty of Medicine, Nursing, Midwifery and Health Sciences

This faculty contains the School of Medicine, the School of Nursing & Midwifery and the School of Health Sciences. The faculty employs a holistic approach across a diverse range of disciplines, using the latest research and innovation to advance societal understanding of disease, injury, pain and ageing, as well as developing professionals who can offer high-quality health care and patient support.

MAKE TOMORROW A BETTER PLACE

Study a degree in health sciences, medicine and allied health

Health sciences and allied health professionals play an integral and multidisciplinary role in supporting patients with chronic physical or mental health conditions, or disability, to be healthier and happier.

A degree in a health-related science can:

- Provide you with diverse and engaging career options.
- Offer you the opportunity to make a genuinely positive impact of the lives of others.
- Allow you to work collaboratively with a range of other professionals and grow your network.
- Transfer your skills across varied settings, workplaces and populations.

C H O
O S E

Through our Schools of Arts & Sciences, Health Sciences, Nursing & Midwifery, and Medicine, Notre Dame offers a diverse suite of degrees to equip our graduates of tomorrow with the skills, knowledge and confidence they need.

Undergraduate degrees

- Bachelor of Arts in Psychology
- Bachelor of Biomedical Science (Assured Pathway) into Doctor of Medicine
- Bachelor of Counselling
- Bachelor of Exercise & Sport Science
- Bachelor of Nursing
- Bachelor of Occupational Therapy
- Bachelor of Physiotherapy

Postgraduate degrees

- Master of Counselling
- Master of Physiotherapy
- Master of Professional Psychology
- Master of Social Work (Qualifying)
- Doctor of Medicine

Why study at Notre Dame?

Worldclass teaching facilities and simulation laboratories to equip you for real-world health scenarios.

High rates of practical work experience to get you job-ready.

Expert lecturers who are leaders in the health industry.

Develop skills in ethical decision making and genuinely compassionate care.

Diverse industry partnerships and connections to build your professional network.

**C H O
O S E**

Master of Counselling

This fully-accredited degree, which can be completed over two years (2) of full-time study, combines classroom-based learning with hands-on practical counselling experience in the real world.

Our Master of Counselling is an innovative degree which provides you with the knowledge, skills and competencies required for counselling practice.

Why study it?

The Master of Counselling program is designed to suit the needs of people from various professional backgrounds, including social work, human resources, social welfare, nursing, psychology and education. Fully accredited by the Psychotherapy and Counselling Federation of Australia, the degree is made up of a combination of coursework and practical components.

Areas of study

- Theoretical Approaches to Counselling
- Approaches to Mental Health
- Family Systems and Couples
- Ethical Issues in Professional Life
- Trauma, Loss and Grief Counselling
- Developing a Research Proposal

Global career opportunities

Careers include relationship counsellors, financial counsellors, rehabilitation counsellors, school counsellors, youth workers, family support workers, private practitioners and psychotherapists.

“The MBA at Notre Dame has the perfect combination of subjects to equip students with knowledge that enriches and enhances the capabilities of a good manager.”

Saakshi

Master of Business Administration (MBA) student from Nepal

Master of Business Administration

The Master of Business Administration (MBA) is a two-year (2) degree designed for aspiring managers and leaders who want to develop advanced critical, interpersonal and leadership skills to solve complex business problems. A modern leader requires resourcefulness to respond to and lead resilient teams and organisations through volatile, uncertain, complex and ambiguous environments in different industries. The degree is interdisciplinary, and draws on health management, data science, finance and business studies across the fields of people and culture, management and leadership, strategic planning, risk and governance.

Compulsory courses cover foundational business concepts and electives enable you to tailor the degree to your specific needs and interests.

Why study it?

MBA graduates become valued leaders across a range of sectors, from government to not-for-profit and private industry. With agile leadership skills, this MBA provides a pathway to become a strategist, ethical leader and critical thinker. It brings credibility to those professionals who want to make a difference and bring new perspectives to today's business challenges, with an international focus.

Areas of study

- Contemporary Strategic Workforce
- Digital Marketing Strategy
- Sustainable Leadership Project
- Global Economics Analysis
- Accounting and Financial Management

Global career opportunities

- Health administrators
- Education leaders
- Marketing management
- Consultancy
- Strategic leadership
- CFO / CIO / CEO
- Directorship
- Sales / marketing leadership
- Start ups
- Entrepreneurs
- Senior management & leadership
- Corporate & government sector
- Change managers
- HRM

LAW

Why study law at Notre Dame?

Attend interactive classes in a supportive community of scholarship and professional learning.

Accelerate your career with an internship in a law firm, by working in a legal clinic, or by participating in the law mentoring program, building your professional network.

Pursue an international career through participating in national and international mooting competitions.

Graduate with the ethics and professional responsibility required to advocate for positive change thanks to the central focus of Notre Dame's Law degrees on the importance of professional ethics.

Practise your legal skills in Notre Dame's outstanding facilities. Students benefit from taking classes in the Justice Owen Moot Court, Fremantle's oldest courthouse which has been refurbished for student use, and in the purpose-built T.E.F. Hughes Moot Court in Sydney.

Real-world professional experience is key to our Law degree. Mooting and advocacy competitions provide you with further opportunities to develop your practical legal and advocacy skills.

Honours

The Bachelor of Laws features embedded Honours. Each year our most academically successful final year Law students are invited to join the Honours program and to complete a major written research thesis in the place of two coursework electives.

Professional accreditation

The curriculum has been designed to satisfy both state and national professional admission requirements. A person who obtains the Bachelor of Laws degree and completes the required Practical Legal Training (PLT) is eligible to apply for admission as a legal practitioner in jurisdictions in Australia. Additional study may be required for admission as a lawyer overseas.

Information about professional accreditation of our degrees, where relevant and applicable, can be found on individual degree webpages via Notre Dame's website.

“I love the idea of being able to represent those who are in need of justice. Studying law at Notre Dame has both challenged me and given me the skills I need to accomplish this.”

Samantha

Law student from England

Bachelor of Laws

Accredited by the Legal Practice Board of Western Australia and by the Legal Profession Admission Board of New South Wales, our Bachelor of Laws is a challenging and practical degree.

Combining a comprehensive coverage of legal and ethical principles with the skills to apply these principles in legal practice, the degree can be completed over four (4) years of full-time study.

Through our mentoring program, courtroom visits, mootings, law competitions and internship programs, you are provided with multiple opportunities to experience the law in practice and connect with experts from the legal profession.

Students are also encouraged to learn outside of the classroom by participating in law competitions and attending professional development events such as the prestigious Eminent Speakers Series. This forum connects students and graduates with leading experts in the discussion of contemporary legal and professional matters.

Why study it?

The degree has been designed in collaboration with eminent judges, senior barristers and leading solicitors to create a curriculum that is both academically challenging and highly practical. In addition, the School of Law & Business continues to call on prominent members of the profession to assist in teaching, adding further to the highly practical nature of legal education at the University.

You benefit from a range of real-world opportunities to practise and apply your developing legal skills thanks to mootings competitions, courtroom visits, internship opportunities and work placements.

Furthermore, you cultivate professional legal skills including negotiation, advocacy, alternative dispute resolution and commercial practice skills within small, interactive class settings.

Areas of study

Compulsory subjects

- Legal Research & Writing
- Legal Process & Statutory Interpretation

Compulsory education degree requirements

NSW compulsory program requirements

Before you can undertake any professional experience in NSW schools, it is compulsory that you complete a Working With Children Check, an Education Criminal Record Check, Anaphylaxis e-training and Child Protection Awareness Training.

Further information will be provided to successful applicants with their letter of offer.

WA compulsory program requirements

Before you can undertake any professional experience in WA schools, it is compulsory that you complete a Working With Children Check and an Education Criminal Record Check.

Further information will be provided to successful applicants with their letter of offer.

Literacy and Numeracy Testing for Initial Teacher Education students (LANTITE)

Education students who will teach in schools are required to successfully achieve the standard of both literacy and numeracy components of the Literacy and Numeracy Test for Initial Teacher Education students (LANTITE) prior to enrolling in their final teaching internship. The LANTITE is administered externally by the Australian Council for Educational Research (ACER) and students will be required to register with ACER and pay for the test.

Teacher Performance Assessment

All students are required to successfully complete the Graduate Teacher Performance Assessment directly after their final teaching internship.

Professional accreditation

The Bachelor of Primary Education and Bachelor of Secondary Education degrees are both fully accredited with the Teacher Registration Board of Western Australia and approved by the New South Wales Education Standards Authority, so graduates are eligible to apply for registration with the relevant organisation and be legally employed as teachers in their state.

Our Bachelor of Early Childhood Education is accredited by ACECQA.

Information about professional accreditation of our degrees, where relevant and applicable, can be found on individual degree webpages via Notre Dame's website.

For more information on undergraduate education degrees please visit notredame.edu.au/study/undergraduate

If you are passionate about teaching young children and fostering an enthusiasm for lifelong learning, the University of Notre Dame Australia has two degrees to prepare you for the rewarding field of **early childhood education**.

Complete a Bachelor of Early Childhood Education on our Sydney Campus or a Bachelor of Education (Early Learning) on our Perth Campus and get the skills and knowledge you need.

Bachelor of Early Childhood Education

**SCHOOL OF EDUCATION,
SYDNEY CAMPUS**

Why study it?

The Bachelor of Early Childhood Education has been designed to meet the increasing demand for early childhood educators. This degree qualifies graduates to work with children from birth to five years in early learning settings and prepares them to become reflective and responsive teachers. The Bachelor of Early Childhood Education offers students the unique opportunity to complete a Major in Special and Inclusive Education.

This degree is designed to address every facet of the knowledge, skills and experience required to educate and care for young children at an excellent standard. You will learn skills in facilitating play and learning-through-play, and consider the key learning areas through which children develop their skills in early childhood settings.

Areas of study

Courses focus on contemporary pedagogies and the characteristics and development of children, their behaviour, their needs for intellectual, physical, language, social and spiritual development and include:

Educational Programming and Reflective Practice • Contemporary Theories of Child Development • Play as Pedagogy • Pedagogical Documentation • Leadership and Professional Collaborations • Special and Inclusive Education • Early Literacy, Numeracy and Science • Creative Arts • Cultural Sensitivity and Inclusion • Family and Community Partnerships • Young Children's Behaviour and Self-Regulation • Young Children's Health, Wellbeing and Safety • Sustainability and Environmental Responsibility

Global career opportunities

With these degrees, graduates can teach in Australia in early childhood education in an early childhood education and care centre or in government, independent or Catholic schools. Career opportunities within the education system include early childhood educator and director of early childhood centres.

Bachelor of Education (Early Learning)

**SCHOOL OF EDUCATION,
PERTH CAMPUS**

Why study it?

The Bachelor of Education (Early Learning) qualifies graduates to work with children in both early learning and primary school settings in Western Australia. The program connects theory and practice through class work and placement experiences. In addition to core developmental and learning areas students undertake 95 days of professional experience.

This degree offers students the unique opportunity to complete a Religious Education specialisation leading to accreditation to teach in Catholic schools or the opportunity to complete a Major in Special and Inclusive Education.

Areas of study

Creating Learning Environments • Child Development • Understanding and Guiding Children's Behaviour • Mathematics • English • Integrated Arts • Catering for Students with Special Needs • Working with Indigenous Students

PHILOSOPHY & THEOLOGY

Why study philosophy & theology at Notre Dame?

Enjoy a supportive community of scholarship and learning as you consider the fundamental questions of human nature and explore possible answers.

Strengthen your capacity to think deeply and critically, give well-reasoned arguments, and communicate them clearly and respectfully – skills recognised across a variety of professions.

Learn from expert academics in the Catholic Intellectual Tradition, which prioritises the communal quest for truth and the common good.

Bachelor of Philosophy, Politics and Economics

The Bachelor of Philosophy, Politics and Economics is designed for those who want to understand human communities and society. The degree trains future leaders and professionals to make a difference in all walks of life. Students will learn to integrate knowledge, by focusing on how society can either promote or thwart human flourishing. Philosophy gives you the concepts and skills to identify questions and problems, thinking them through clearly and creatively. Studying politics, students will consider governance, leadership, and the importance of law and policy. Through economics, they will learn to solve a range of problems through economic reasoning. Bringing together these disciplines, graduates will appreciate the central importance of the human person's quest to lead a good life, working with others toward the common good.

Why study it?

The degree will equip students to be attentive to the role of religion within society, and the importance of civil disagreement in the public square. All students have the opportunity to undertake an internship during their degree.

Areas of study

- Introduction to World Politics
- Economics
- Ancient Philosophy
- Policy, Democracy and Governance in Australia
- Quantitative Methods for Business
- Philosophy of the Human Person
- Public Policy and Practice: The Business of Government
- Moral Philosophy
- Microeconomic Theory and Policy

Global career opportunities

- Diplomacy
- Public policy development
- Economic analysis
- Non-government agencies
- Political analysis
- Business leadership

NURSING

Why study nursing at Notre Dame?

Graduate job-ready thanks to the comprehensive professional experience built into our nursing programs.

Benefit from learning in state-of-the-art facilities with expert nurses to develop your clinical practice and confidence.

Expand your career possibilities by undertaking professional workplace experience in a range of private and public clinical settings in major metropolitan, rural and regional centres.

Learn from experienced academics who are all registered nurses with a broad range of expertise.

*Sydney Campus (S), Perth Campus (P), Broome Campus (B)

Compulsory degree requirements

In order to be eligible to attend professional workplace experience, students must meet mandatory requirements (such as immunisations and Working With Children Checks) with the University and the New South Wales and Western Australian Departments of Health. For further information on these, refer to notredame.edu.au/programs/school-of-nursing/undergraduate/bachelor-of-nursing.

Professional accreditation

The Bachelor of Nursing is fully accredited by the Australian Nursing and Midwifery Accreditation Council, and as a graduate you will be eligible to register with the Australian Health Practitioner Regulation Agency (Ahpra) and work in a wide range of clinical settings. Students enrolled in the Bachelor of Nursing will be registered with Ahpra as a student nurse. Please note, you must have work rights in Australia. Please be aware of visa requirements.

Information about professional accreditation of our degrees, where relevant and applicable, can be found on individual degree webpages via Notre Dame University's website.

English language requirements

All applicants need to satisfy minimum English language proficiency requirements as outlined on the Notre Dame University website notredame.edu.au/study/admission-requirements/english-language-proficiency-requirements.

Meet Audrey, an international student from South Korea, studying a Bachelor of Nursing.

For more information on undergraduate nursing degrees please visit notredame.edu.au/study/undergraduate

Bachelor of Nursing

Our highly respected Bachelor of Nursing is regarded as one of the top nursing degrees offered in Australia.

This degree combines classroom learning with hands-on experience, and places a strong focus on the nurse-patient relationship.

The University's nursing degree is comprehensive, exposing students to a wide range of specialisations, which is unique for an undergraduate degree.

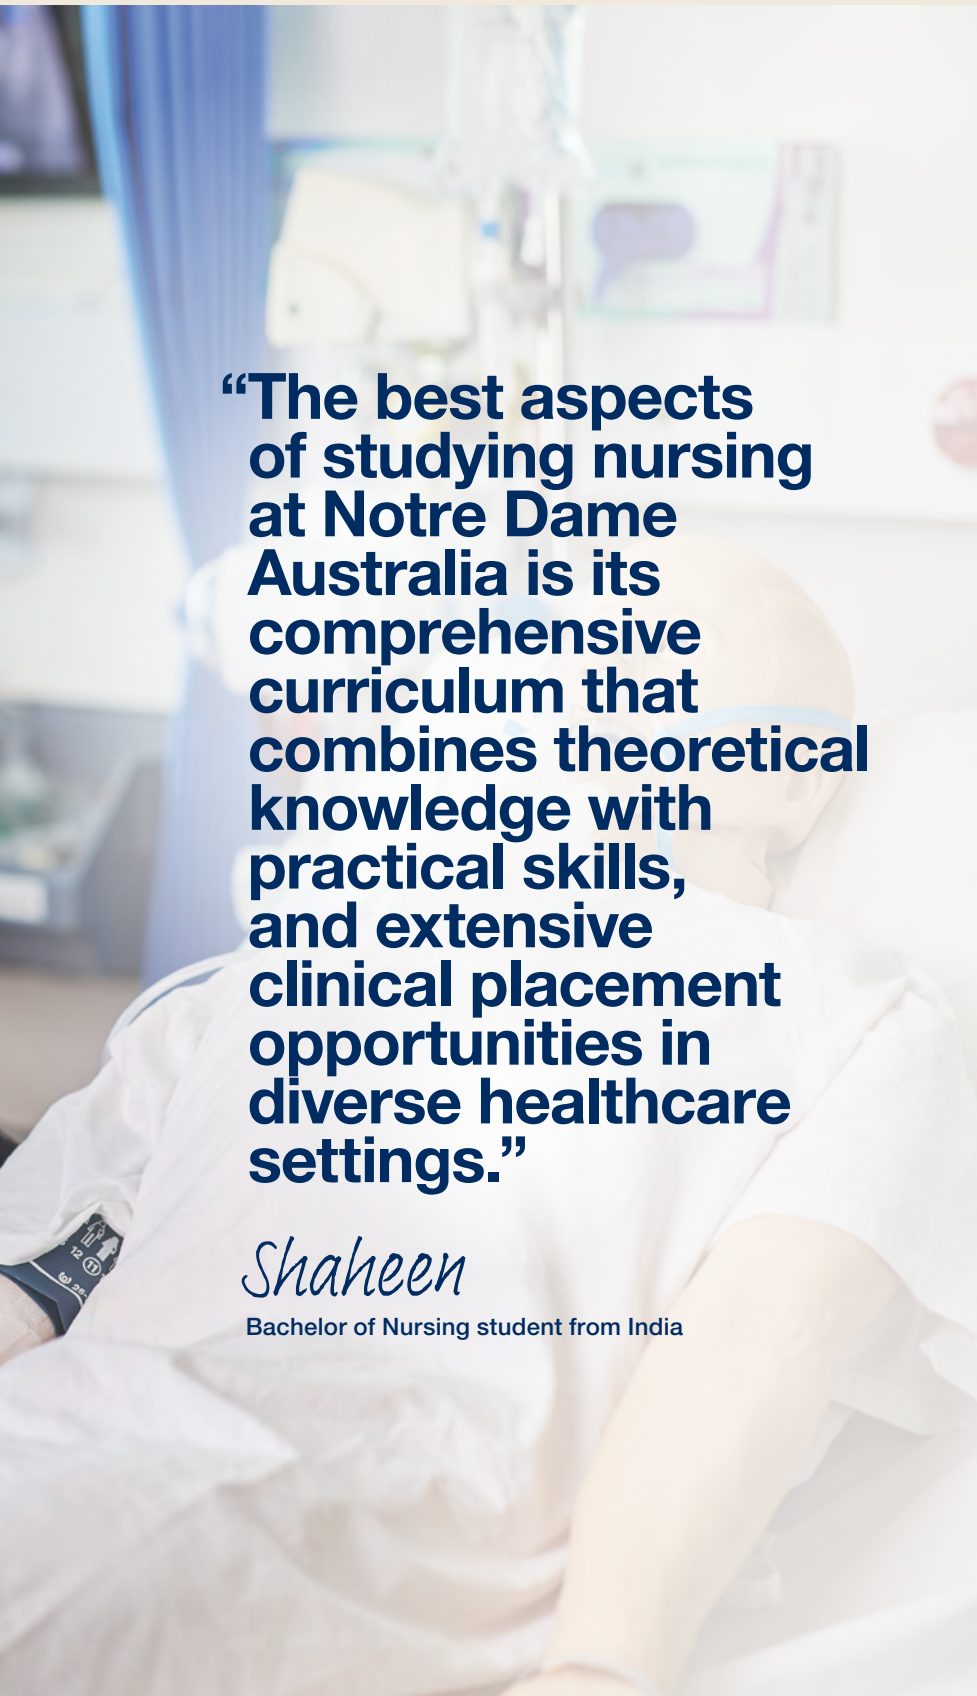

Why study it?

The degree includes over 1,000 hours of full-time professional workplace experience, giving you the opportunity to apply theory to practice.

Students enrolled in the Bachelor of Nursing will be registered with Ahpra (Australian Health Practitioner Regulation Agency) as a student nurse.

To be eligible for registration on degree completion students must also meet the Nursing and Midwifery Board of Australia registration standards. These can be found at: nursingmidwiferyboard.gov.au/Registration-Standards.aspx

“The best aspects of studying nursing at Notre Dame Australia is its comprehensive curriculum that combines theoretical knowledge with practical skills, and extensive clinical placement opportunities in diverse healthcare settings.”

“I chose Notre Dame because of the accelerated postgraduate opportunity with a modern course.”

Dan

Master of Physiotherapy student

Master of Physiotherapy

The University of Notre Dame Australia's Master of Physiotherapy degree is a two-year (2) full-time program that prepares you to become an effective, culturally-appropriate practitioner focusing on the physiotherapist-client relationship. This program includes key physiotherapy-specific courses and clinical placement experiences meaning you are work-ready upon completion of the degree.

Why study it?

Are you the person who wants to make a career helping others be the best they can be? Do you dream of joining a profession that bases its decisions on scientific evidence and makes exciting therapeutic advancements daily?

In our Master of Physiotherapy program, you explore every avenue of physiotherapy practice in your on-campus studies and approximately 750 hours of clinical practice (practicum). You will develop clinical

assessment and intervention skills in laboratories, simulated learning environments and exposure to clients in physiotherapy practices, hospitals or community health settings in urban and rural locations.

The program also strongly focuses on evidence-based and reflective practice ensuring graduates will be well prepared to meet the challenge of current and future health provision across the many clinical and non-clinical areas in which physiotherapists are employed.

Areas of study

Students study a range of relevant courses throughout the program, including (but not limited to):

- Fundamentals for Physiotherapy
- The Silent History
- Musculoskeletal Physiotherapy
- Applied Neuroscience
- Principles of Clinical Rehabilitation

- Evidence Based Practice
- Clinical Education and Practitioner Preparation
- Cardiorespiratory Physiotherapy Sciences
- Physiotherapy across the Lifespan

Global career opportunities

Graduates of this program can follow diverse career paths in the private and public health sectors. Career opportunities range from working in physiotherapy practices, hospitals or community health settings in both urban and rural locations in the fields of aged care, cardiorespiratory, disability, musculoskeletal, neurology, paediatrics, rehabilitation, research, clinical and/or academic teaching.

MEDICINE

Why study medicine at Notre Dame?

Small group teaching and problem-based learning, combined with rich clinical experiences.

The School of Medicine's purpose is to provide excellence in medical education, research and scholarship with the aim of graduating doctors uniquely trained to serve in areas of unmet need, specifically in remote and rural areas.

Graduate with a strong commitment to — and capacity for — lifelong learning, reflective practice, leadership, personal health and wellbeing, and patient-centred care.

Research focus provides a firm basis for continued engagement in scholarly research aimed at advancing the body of medical knowledge.

A substantial Aboriginal health curriculum across the program prepares graduates to contribute meaningfully to reducing the health disparities experienced by Aboriginal peoples.

A strong emphasis on clinical skills

Clinical schools

Sydney clinical schools are located at:

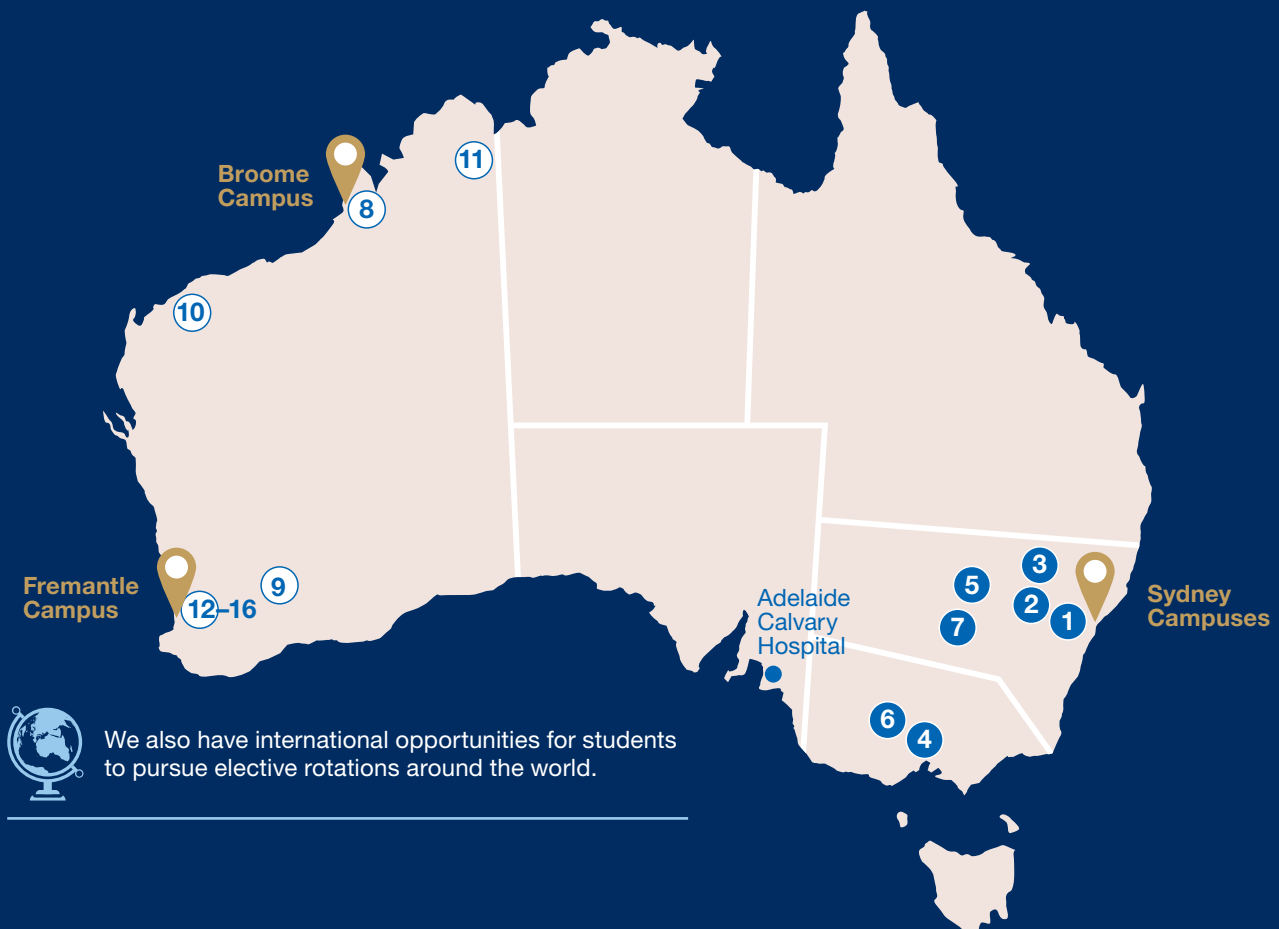

- 1 St Vincent's/Mater Health
- 2 Auburn
- 3 Hawkesbury

The Melbourne clinical school is located at:

- 4 Werribee

The rural clinical schools are located in:

- 5 Lithgow
- 6 Ballarat
- 7 Wagga Wagga

Our Perth medical students complete clinical placements across a range of public and private hospitals and community settings across Western Australia.

Rural locations include:

- 8 Broome
- 9 Kalgoorlie
- 10 Karratha
- 11 Kununurra

Metropolitan placement sites around Perth include:

- 12 Fiona Stanley Hospital
- 13 St John of God Midland Hospital
- 14 St John of God Subiaco
- 15 St John of God Murdoch Hospitals
- 16 Hollywood Hospital

“We’ve had industry-based professionals come in and teach us in groups of five to eight. They bring their own clinical experiences and it’s a lot more personalised.”

Lakshmi

Doctor of Medicine student from India

Doctor of Medicine

At the School of Medicine, we are committed to providing an education that not only teaches the science and craft of medicine, but also develops passionate, ethical and devoted medical practitioners.

The first two years of your degree are underpinned by problem-based learning and include the study of basic clinical sciences, population and preventive health, bioethics, therapeutics and more.

Your third and fourth years are clinically based and present the opportunity to explore the different disciplines of medicine such as general practice, paediatrics and surgery with rotations in clinical settings. You will further develop your research skills with a translational research or clinical audit project based in the health sector.

Why study it?

Our Doctor of Medicine is one of the most sought-after medical degrees in Australia.

The program aims to develop and train excellent, caring and ethical doctors with a respect for human life, dignity and social justice. You will benefit from over 2,000 hours of clinical placements and rural experiences to ensure you are equipped with the skills and knowledge needed upon graduation.

Areas of study

Essential elements of our postgraduate medical degree include:

- Access to innovative clinical skills training
- Learning from clinical academics who are experts in their fields
- Aboriginal health, rural and remote placements
- A problem-based learning curriculum delivered in small groups in years 1 and 2

- Clinical placements in both the public and private sector hospitals in years 3 and 4
- A liberal arts education in bioethics

Global career opportunities

- General practice
- Surgery
- Physician
- Public health
- Medical education
- Medical research
- Government departments
- Not-for-profit organisations

HOW TO APPLY

International students

We consider the whole person

The University of Notre Dame Australia uses a comprehensive application process that considers every applicant on an individual basis, making the admissions process — like the University study experience — focused on the whole person. There is no application fee.

Please note: a visa with study rights is required if you have been accepted to study full time on campus for more than three (3) months at an educational institution in Australia.

If you have any queries please contact Notre Dame's International Office: international@nd.edu.au.

01

Submit your application

You can apply to the University of Notre Dame Australia online at notredame.edu.au/international/how-to-apply.

Alternatively, you can apply via one of the University's authorised education agents in your country. A list of registered education agents of the University can be found at notredame.edu.au/international/agents.

Please note: An applicant seeking admission to study at the University of Notre Dame Australia on an Australian student visa must be at least 18 years of age at the start of the teaching period in which they will begin their studies.

02

Receive your offer

Offers are made on a rolling basis. You will be notified of an offer via email along with your first semester invoice and other important information on accepting your offer and moving to Australia.

03

Accept your offer

If you receive an offer from the University, you can choose to accept, defer or reject the offer.

You do this by completing the 'Conditions of Offer & Acceptance Form' provided in the offer email accompanied by your invoice payment.

Please call or email the International Office on +61 8 9433 0873 or international@nd.edu.au if you have any questions regarding your offer.

04

Enrol

Once the International Office has received your indicative invoice payment, you will receive an electronic Confirmation of Enrolment which you will use to apply for your student visa (if applicable).

The International Office will then get in touch with you to organise your enrolment, including preparing your move to Australia.

05

Orientation

Orientation Week is a fun, festival-like event and is an opportunity to meet fellow students and get involved in student life at the University.

Orientation Week is compulsory for international students studying on campus in Australia, as it provides you with important information which will help set you up for success during your studies at the University.

LANGUAGE REQUIREMENTS

English language entry requirements

The University requires applicants to demonstrate English language competency of the appropriate level stipulated for their nominated degree. Successful completion of specified secondary or tertiary education in English may be used to demonstrate competency, depending on your chosen degree.

All English language tests are valid for 2 years from date of completion.

Accepted proficiency tests:

- Academic International English Language Testing System (IELTS)
- Teaching of English as a Foreign Language (TOEFL)
- Cambridge Academic English (CAE)
- Pearson Test for English Academic (PTE)
- Occupational English Test (OET)

Note: Not all tests can be used to prove English language proficiency for all degrees. The University reserves the right to ask any applicant to sit any English language proficiency test.

Standard minimum entry requirements

Proficiency Test – Special Tertiary Admissions Test (STAT)

IELTS

Undergraduate

6.0 overall, with no individual band score lower than 6.0

Postgraduate coursework

6.5 overall and no other individual band score lower than 6.0

Postgraduate research

7.0 overall, with no score lower than 7.0 in writing and no other individual band score lower than 6.5

TOEFL

Undergraduate

73 overall and no other band score lower than 18

Postgraduate coursework

84 overall and no other band score lower than 18

Postgraduate research

94 overall, with no score lower than 27 in writing and no other individual band score lower than 20

CAE

Undergraduate

169 overall, with no individual band score lower than 169

Postgraduate coursework

176 overall and no other band score lower than 169

Postgraduate research

185 overall, with no score lower than 185 in writing and no other band score lower than 176

PTE

Undergraduate

50 overall, with no individual band score lower than 50

Postgraduate coursework

58 overall no other band score lower than 50

Postgraduate research

68 overall, with no score lower than 68 in writing and no other band score lower than 58

Please note: Medicine, Education, Nursing, Law and Physiotherapy degrees require proof of higher English Language Proficiency. For more information on scores required for these programs, please visit notredame.edu.au/international or contact international@nd.edu.au.

ENTRY REQUIREMENTS

Minimum academic entry requirements

Indicative academic minimum entry requirements for undergraduate degrees can be found at: notredame.edu.au/international/how-to-apply/academic-entry-requirements

Applicants must also meet **English language proficiency** entry requirements.

High school qualifications must be completed within the last 5 years.

Pathways to the University of Notre Dame Australia

Tertiary Pathway Program

Offered at both Notre Dame's campuses in Perth and Sydney the Tertiary Pathway Program (TPP) is designed to help if you have not met the requirements for entry into the University's undergraduate degrees.

Following successful completion of the TPP (one semester), you may gain entry to complete an undergraduate degree in the following areas:*

- Arts and sciences
- Business
- Education
- Health sciences
- Nursing
- Philosophy and theology

Program structure

To gain entry to most arts and sciences, business, education, and philosophy and theology degrees, you will complete the following and courses:

- Academic Writing
- Research Skills and Information Literacy
- Essential Mathematics
- Communication Skills

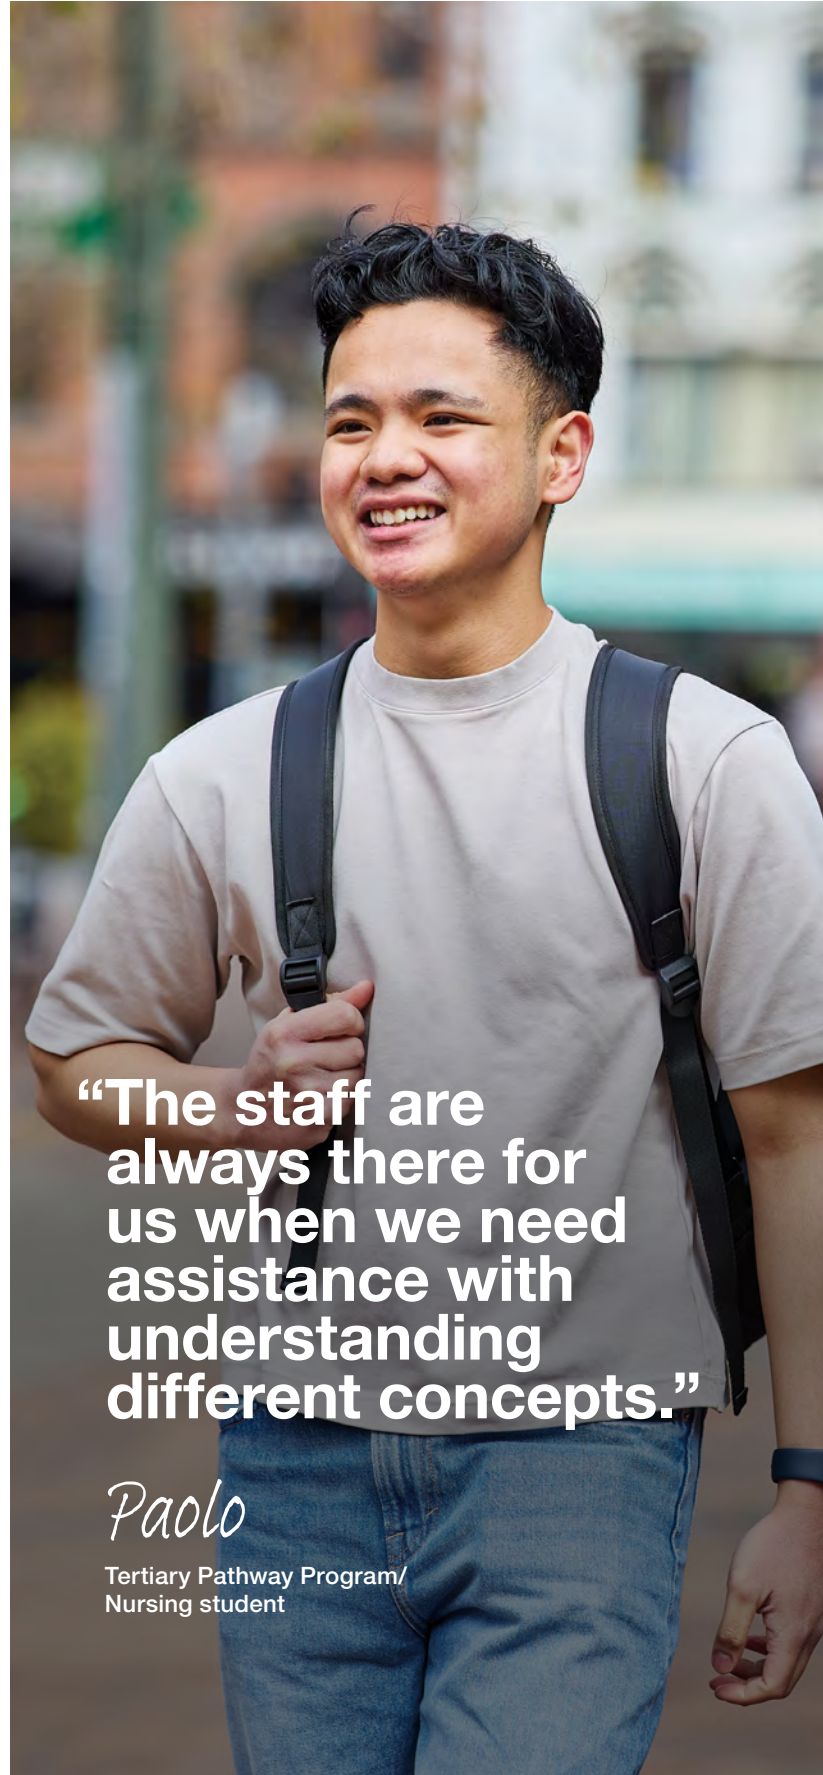

Nursing and Health Sciences pathway

If you wish to transition into the Bachelor of Nursing or health sciences degrees you will complete the following courses:

- Academic Writing
- Research Skills and Information Literacy
- Essential Mathematics
- Foundations of Human Biology

The Tertiary Pathway Program does not guarantee entry into nursing and midwifery, and is not a pathway for law, medicine and physiotherapy.

*For some programs, direct entry is not possible through the Tertiary Pathway Program. Other pathways to these programs are available. Visit notredame.edu.au/study/pathways to find out more.

“The staff are always there for us when we need assistance with understanding different concepts.”

Fee information

Overseas Student Health Cover

The Australian Government requires international students to have adequate medical insurance or health cover from an Australian Health Fund. There are currently 6 providers approved by the Australian Government: Bupa Australia, AHM OSHC, Allianz Global Assistance, Medibank Private, CBHS International Health and NIB.

The University of Notre Dame Australia partners with Bupa Australia as our preferred provider. Bupa is Australia's largest healthcare provider. All new international students enrolled at the University will be covered by this provider, unless proof of other cover is provided. The costs of your Overseas Student Health Cover (OSHC) are invoiced to you for payment with your first year's fees before you arrive in Australia.

OSHC is effective from one week before Orientation Week and is valid for the length of your visa, so you will not need to worry about renewing your cover while you are studying. If you intend to arrive in Australia before the cover starts, please notify the International Office so that appropriate health cover can be arranged.

If you change or extend your study program, it is your responsibility to ensure that you remain covered as long as the length of your visa. If you do not have sufficient OSHC coverage, your visa could be cancelled and you will not be covered for any medical bills that you incur during the lapsed time.

For further information on OSHC please visit the Australian Government's Department of Home Affairs or the Department of Health: www.privatehealth.gov.au/health_insurance/overseas/overseas_student_health_cover.htm.

Tuition fees

Notre Dame's tuition costs depend upon a student's study load and discipline of the courses being studied. An average full-time study load is eight courses per year, or four courses per semester with some Schools requiring completion of more courses as the standard full-time load. Fees are payable each semester, at least four weeks prior to the commencement date of the student's program. notredame.edu.au/international/fees.

Please note, tuition fees are subject to change each year.

Student Services and Amenities Fee (SSAF)

The Student Services and Amenities Fee (SSAF) invests in new opportunities and services that improve the experience of all Notre Dame students.

The SSAF funds non-academic services across all campuses, based on feedback from our students on the services they value the most – from student advocacy and advice to student wellbeing, or clubs and societies. For more information, please view the SSAF website notredame.edu.au/study/fees-costs-and-scholarships/tuition-fees/student-services-and-amenities-fee.

Incidental fees and additional study costs

The additional costs of study will vary from student to student. These include textbooks, uniforms (for example nursing or physiotherapy programs), photocopying and stationery. These costs are in addition to tuition fees.

Some degrees have costs in addition to Tuition Fees. These may vary depending upon the individual courses chosen. Examples of incidental (non-tuition) fees include uniforms, specialist equipment, field trips and immunisations. To view the incidental (non-tuition) fees for a program please use the online register, notredame.edu.au/study/fees-incidentals.

Refund Policy

The Refund Policy applies to all commencing and continuing international students, including Study Abroad and Exchange students.

The Refund Policy is subject to change. The most up-to-date information is available under Procedure: Refunds for Overseas Students, notredame.edu.au/__data/assets/pdf_file/0015/2049/Procedure-Refunds-for-International-Students.pdf.

STUDYING AT NOTRE DAME UNIVERSITY

During your studies

Complaints and grievances

If you have a grievance you would like addressed please read the University's Grievance Policy, notredame.edu.au/current-students/support/appeals-and-grievances.

If you are unable to deal with the grievance through discussion with the appropriate person you may like to discuss your options with a University Grievance Officer.

The Commonwealth Ombudsman also offers free and confidential support for international student study experience complaints. For information visit ombudsman.gov.au/complaints/international-student-complaints.

The ESOS framework

The Education Services for Overseas Students Act 2000 (ESOS Act) protects the interests of international students by setting out standards for education providers. These standards include requirements for the University related to educational resources, facilities, the recruitment and placement of students and staff capabilities. It also offers students financial protection in case the University of Notre Dame Australia does not deliver what it has promised you.

Cancellation or suspension of enrolment

The University of Notre Dame Australia retains the right to cancel or suspend a student's enrolment. The University is required to report a student to the Department of Home Affairs via PRISMS in a number of circumstances.

International students must be aware of their visa conditions, their roles and responsibilities during their time studying at Notre Dame University. For further information about student visa conditions, reporting to the Department of Home Affairs, roles and responsibilities, and more detail relevant to the University's cancellation policies, and the grounds on which a student's enrolment can be cancelled or suspended, please refer to [POLICY-International-Students.pdf](#) and [Procedure-Intervention-Strategy.pdf](#).

Leave of absence or deferral

An international student on a student visa is only permitted to take leave/defer under very limited circumstances, on the grounds of compassionate or compelling circumstances (for example, an extended illness which affects your ability to study, bereavement, a disaster in your home country requiring your return or a traumatic experience which affects your ability to study).

To apply you must complete the following:

- Leave of Absence form (available at Student Administration Office).
- Original Medical Certificate or supporting documentation to support the Leave of Absence.
- Intervention Strategy form (liaise with your School to prepare this form).
- Statement in writing (addressed to the Campus Registrar who will consult with the Dean of your School).

These documents need to be submitted to your School for approval first. Then the School will forward all the paperwork to the Student Administration Office for final processing and approval.

As highlighted in the National Code of Practice for Providers of Education and Training to Overseas Students 2018, Standard 9:

- There is no maximum period for a deferral under compassionate or compelling reasons, but the deferral must be assessed in accordance with the registered providers' policies and procedures.

For more information on intervention strategies, Leave of Absence, Change of Providers and Release Letters, please visit notredame.edu.au/_data/assets/pdf_file/0012/2046/POLICY-International-Students.pdf.

The University reserves the rights to make changes to any material or content contained in this publication from time to time without notice. Whilst every effort will be made to ensure that the information is accurate and up to date, there is no guarantee or representation express or implied given as to the accuracy or currency of the content of any individual item. Persons accessing the publication who require confirmation of any information should contact the University of Notre Dame Australia International Office.

The University reserves the right at all times to vary programs and courses or any arrangements in relation to programs and courses listed in the publication at any time. The variations may include fees, withdrawals, the contents, methods of assessment of any courses, programs, course and program offerings, enrolment requisites, locations of course/program offerings and any other arrangements pertaining to courses and programs.

The University does not accept responsibility for any loss or damage occasioned by use or reliance of the information contained in the publication nor from any access to the website. While the University will make every effort to ensure the availability and integrity of its information technology resources, it cannot guarantee that these will always be available, and/or free of any defects, including viruses. All access and use is at the risk of the user.

Any hypertext links provided by the University in this publication to other websites or websites are provided as a service to users. This service does not mean that the University endorses those sites for the material in any manner.

ESOS: The University in providing education services to overseas students complies with The *Education Services for Overseas Students Act 2000* (ESOS Act) and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (The National Code) that is the governing legislative and regulatory framework as amended from time to time.

The University is a registered provider under the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). Provider Number 01032F.

International students studying in Australia on a student visa can only study full time and there are also specific entry requirements which must be met. If information contained in this publication may not be applicable to international students, refer to notredame.edu.au/international/study-at-notre-dame-australia for further information. Australian citizens, Australian permanent residents, and international students studying outside of Australia have the choice of full-time, part-time and external study, depending on course availability.
