

THE UNIVERSITY OF NOTRE DAME AUSTRALIA

Bachelor of Science (Major: Environmental Management)

Bachelor of Science (Major: Environmental Management)

School of Arts & Sciences

Are you interested in finding solutions to environmental concerns? The University of Notre Dame Australia's Bachelor of Science with an Environmental Management Major tackles essential issues such as climate change, urbanisation, and the need for water and food security. The skills and knowledge acquired are relevant to many workplaces, making environmental management a growth employment area. Contact us today to start your learning journey.

Why study this major?

This Major equips you to work with complex environmental systems through the study of ecology, biodiversity, physical geography, natural resource management, environmental impact assessment, and the application of spatial analysis.

Understanding and preserving our natural environment are essential to maintain the quality of life for current and future generations. The necessary skills and knowledge to succeed in these fields are developed in this Major.

Graduates can influence the direction of future government policy and agricultural and business practices to provide solutions to global warming, biodiversity conservation concerns, water resourcing issues and environmental degradation problems.

Program summary

The Environmental Management Major includes these requirements:

Students are required to complete 8 courses of 25 units of credit (200 units of credit), as follows.

Eight (8) required courses

- GEOG1110 Physical Geography: Climates, Geology and Soils
- ENVR2330 Australian Ecology: from Theory to Practice
- GEOG3110 Coastal Processes and Planning
- ENVR3310 Environmental Impact Assessment and Planning
- ENVR3520 Natural Resource Management
- SCIE3290 Geographic Information Systems

- BIOL3250 Aquatic Science
- BIOL3000 Adaptations for Survival in the Australian Environment

core-curriculum

Core Curriculum

- CORE I: Foundations of Wisdom
- CORE II: Elective
 - Electives in philosophy and\or theology
 - Professional embedded electives that integrate studies in a profession with philosophy and\or theology
 - An option to undertake a pilgrimage embedded in the study of the philosophy and theology of pilgrimage, e.g., World Youth Day
 - An option to undertake a course that integrates philosophy & theology with community service and charity work
 - An option to undertake an elective in philosophy, theology, and the liberal arts contained within an international experience

Full details of the program requirements are contained in the Program Requirements

(https://www.notredame.edu.au/_data/assets/pdf_file/0015/332/of-Science.pdf).

arts&sciences

More information regarding courses can be found at the [course descriptions](https://www.notredame.edu.au/about/schools/fremantle/arts-and-sciences/course-descriptions) (<https://www.notredame.edu.au/about/schools/fremantle/arts-and-sciences/course-descriptions>) page.

Please note: The availability of these courses is indicative only and may be subject to change.

Learning outcomes

Upon successful completion of the Bachelor of Science graduates will be able to:

1. Articulate the methods and philosophy of Science and explain why current scientific knowledge is both contestable and testable
2. Explain the role and relevance of Science in society
3. Apply broad and coherent theoretical and technical knowledge with depth in one or more disciplines
4. Synthesise and critically evaluate information from a range of sources
5. Design scientific investigations, collect, and interpret data and draw conclusions showing creativity in problem solving
5. Conduct investigations using practical and theoretical approaches
7. Communicate results, information, and arguments to

audiences for a range of purposes and in a variety of modes

3. Apply current regulatory frameworks and exercise high personal and professional ethical standards
4. Work independently as a reflective, self-directed learner and, where appropriate, in collaboration with others.

Practical component

You will be required to complete SCIE3900 Science Internship that includes an industry placement of at least 225 hours.

Career opportunities

Career opportunities are diverse and depend on the Science Stream you choose. If you choose Environmental Management, you can work as a conservation officer, environmental officer, environmental impact assessor, natural resource management officer, sustainable development officer.

Real-world experience

You will learn from academics who are industry leaders and, through our practicum placements and internship programs, you will gain real professional experience and make valuable contacts with potential employers.

Honours

An Honours award is available for this program. Further information can be found in the Bachelor of Science (Honours) regulations

(https://www.notredame.edu.au/__data/assets/pdf_file/0024/384/of-Arts-Honours.pdf), or by contacting the School of Arts & Sciences (<https://www.notredame.edu.au/about-us/faculties-and-schools/school-of-arts-and-sciences>).

Study abroad

A global perspective adds a valuable dimension to your university education. At Notre Dame University you can study while experiencing the world. We encourage students to become active global citizens through a range of exchange programs, professional placements, study tours, and volunteer opportunities. Visit International Opportunities

(<https://www.notredame.edu.au/study/international-students>) to find out more.

Fees and costs

This Program has the following loan scheme(s) available for eligible students:

Commonwealth Supported Place (CSP)

A Commonwealth Supported Place (CSP) is a place at a university where the Australian Government pays part of your fees. This part is a subsidy, not a loan, and you don't have to pay it back. However, this subsidy does not cover the entire cost of your study. Students must pay the rest, which is called the 'student contribution amount'.

In a Commonwealth Supported Place, your fees are subsidised by the Australian Government. Your fees will be split into two portions:

The Commonwealth contribution, which is the portion paid by the Australian Government.

The student contribution, which is the portion you pay. You may choose to pay upfront or defer your student contribution with a HECS-HELP Loan. The HECS-HELP loan scheme (<https://www.studyassist.gov.au/preview->

[link/node/106/5de65e70-6656-4297-a79d-19fd4a6deadd\)](https://www.notredame.edu.au/study/fees-costs-and-scholarships)

assists eligible students with the payment of all, or part, of their tuition fees, not including additional study costs such as accommodation or textbooks. Your HECS-HELP debt will be indexed each year in line with the Consumer Price Index.

Eligible students will be offered a CSP – you do not need to apply.

International Full-Fee Paying

Tuition costs depend on an international student's study load and discipline. Fees are payable each semester at least four weeks prior to the commencement of your program.

For indicative fees and information on how to pay, including Government loan schemes and our online calculator, visit our [Fees, costs and scholarships page](https://www.notredame.edu.au/study/fees-costs-and-scholarships) (<https://www.notredame.edu.au/study/fees-costs-and-scholarships>).

Student profile data

Tables 1 and 2 below give an indication of the likely peer cohort for new students in this Program. It provides data on all students who commenced in this Program in the most relevant recent intake period, including those admitted through all offer rounds and international students studying in Australia.

Fremantle Student Profile Data

**TABLE 1a - Bachelor of Science BASIS OF ADMISSION
IN SEMESTER 1, 2022 INTAKE**

Applicant background	Semester 1 2022	
	Number of students	Percentage of all students
(A) Higher education study (includes a bridging or enabling course)	9	60%
(B) Vocational education and training (VET) study	<5	N/P
(C) Work and life experience (Admitted on the basis of previous achievement not in the other three categories)	<5	N/P
(D) Recent secondary education: <ul style="list-style-type: none"> Admitted solely on the basis of ATAR (regardless of whether this includes the consideration of adjustment factors such as equity or subject bonus points) 	<5	N/P
<ul style="list-style-type: none"> Admitted where both ATAR and additional criteria were considered (e.g. portfolio, audition, interview, extra test, early offer conditional on minimum ATAR) 	6	26%
<ul style="list-style-type: none"> Admitted on the basis of other criteria only and ATAR 	<5	N/P

was <i>not</i> a factor (e.g. special consideration, audition alone, interview, school marks & recommendation with no minimum ATAR requirement)		
International students	N/A	N/A
<i>All students</i>	<i>15</i>	<i>100.0%</i>

TABLE 1b - Bachelor of Science ATAR PROFILE DATA FOR APPLICANTS ENTERING ON THE BASIS OF RECENT SECONDARY EDUCATION IN SEMESTER 1, 2022 INTAKE

RECENT SECONDARY EDUCATION - ATAR-based offers	ATAR (Excluding adjustment factors) *	Selection Rank (ATAR plus any adjustment factors) *[only if relevant]
Highest rank to receive an offer	N/A	N/A
Median rank to receive an offer	N/A	N/A
Lowest rank to receive an offer	N/A	N/A

TABLE 2a - Bachelor of Science (Honours) BASIS OF ADMISSION IN SEMESTER 1, 2022 INTAKE

Applicant background	Semester 1 2022	
	Number of students	Percentage of all students
(A) Higher education study	<5	N/P

(includes a bridging or enabling course)		
International students	<5	N/P
<i>All students</i>	<i>N/P</i>	<i>100.0%</i>

Notes:

“<5” – the number of students is less than 5

N/A – Students not accepted in this category

N/P – Not published: the number is hidden to prevent the calculation of numbers in cells with less than 5 students

In 2022, due to COVID, additional adjustment factor points were granted to applicants from NSW, ACT and VIC.
