# Bachelor of Arts / Bachelor of Behavioural Science

*School of Arts & Sciences*

***Are you interested in what makes people tick? The University of Notre Dame Australia's Bachelor of Arts/Bachelor of Behavioural Science double degree combines the knowledge and widely applicable skills of the Bachelor of Arts and knowledge and skills relating to psychology, political science, cultural studies and sociology in the Bachelor of Behavioural Science. Contact us to find out more.***

## **Why study this program?**

The Bachelor of Arts component will develop your ability to analyse, interpret, deliberate, draw conclusions, communicate, work as a team member and problem-solve. These skills are needed in the 21st-century workplace, and they will perfectly complement your study for the Bachelor of Behavioural Science.

You will study an Arts Major in a humanities or social science area of your choice, giving you in-depth, specialist knowledge and skills that will allow you to contribute effectively to society's cultural and intellectual life.

Our Majors include English Literature, Social Justice, Politics and International Relations, History, Archaeology, Theatre Studies, Journalism and Film and Screen Production. See the Program Requirements for the complete list.

The Bachelor of Behavioural Science is a unique program that combines elements of psychology, political science, cultural studies and sociology. Integrating specialised knowledge developed in these social science disciplines and with a strong focus on critical psychology, the program forges a connection between traditional psychology and social work. As a graduate,

you will be equipped with the skills and knowledge to work with those who may be experiencing marginalisation or disadvantage.

As part of the Bachelor of Behavioural Science, you will complete 12 Behavioural Science courses, including an Internship which offers you the chance to apply your theoretical knowledge and learn much more in a professional workplace.

## Fees and costs

This Program has the following loan scheme(s) available for eligible students:

### CSP

A Commonwealth Supported Place (CSP) is a place at university where the government pays part of your fees. This part is a subsidy, not a loan, and you don't have to pay it back. However, this subsidy does not cover the entire cost of your study. Students must pay the rest, called the 'student contribution amount'.

In a Commonwealth Supported Place, your fees are subsidised by the Australian Government. Your fees will be split into two portions:

- The Commonwealth contribution, which is the portion paid by the Australian Government.
- The student contribution, which is the portion you pay. You may choose to pay upfront or defer your student contribution with a HECS-HELP Loan.

Eligible students will be offered a CSP – you do not need to apply.

## **HECS-HELP**

The HECS-HELP loan scheme assists eligible students with the payment of all, or part, of their tuition fees, not including additional study costs such as accommodation or textbooks. Your HECS-HELP debt will be indexed each year in line with the Consumer Price Index.

For indicative fees and information on how to pay, including Government loan schemes and our online calculator, visit our [Fees Page \(https://www.notredame.edu.au/study/fees-costs-and-scholarships\)](https://www.notredame.edu.au/study/fees-costs-and-scholarships).
