Also available as a stepping stone to a Master's, the Graduate Certificate in Business enhances your career prospects and business skills. Contact us today to find out more.

Why study this program?

It is no longer enough to specialise in a particular area in the current business environment. Employees are expected to have a broad understanding of multiple aspects of a business and their interdependencies, with the ability to implement practical solutions.

At The University of Notre Dame Australia, we take pride in the individualised education and personalised attention we give to our students. With all subjects taught by leaders in their fields, our postgraduate programs are relevant and contemporary, embracing today's rapidly changing global environment while maintaining academic rigour.

The Graduate Certificate in Business is a one-year part-time (or half-year full-time) program taught by a team of industry leaders and academics passionate about sharing their knowledge. Throughout the course of your studies, you can choose to explore topics such as strategic management, organisational dynamics, leading change and leadership. And upon the completion of this program, you have the option to progress to a Diploma of Business, Master of Leadership, or MBA.
