# Bachelor of Sport & Recreation Management /

# Bachelor of Communications & Media

*School of Law & Business*

***Do you love the worlds of sports and recreation? If so, you've come to the right place. This double degree enables students to study the management of human and physical resources and facilities in the sport and recreation industries. They gain a sound knowledge of the bio-physical, behavioural and socio-cultural foundations of sport and physical activities, combined with a range of management and communication skills and knowledge necessary to work in various sports and recreation professions. Contact us today to find out more.***

## **Why study this degree?**

During this four-year degree at The University of Notre Dame Australia, you will develop essential skills and knowledge in accounting, marketing, management, and communication. In addition, you will cover sport and recreation-specific content such as Events Management, Physical Activity and Health, Psycho-social Aspects of Sport and Physical Activity and The Australian Sports System and Communications & Media content such as Media and Society, and Media Ethics and Law.

This program is designed to give you the skills to manage recreation and sporting organisations and staff and to adapt and thrive in rapid and pervasive economic, social and technological change environments. You will also learn how to

manage an individual sporting and recreational agenda and, more broadly, oversee the community's sports and recreational facilities and resources.

As part of our commitment to delivering ethical and practical knowledge, students must complete six industry practicum courses totalling 350 hours over the span of their degree. This provides students with valuable insights into sports and recreation industries, an opportunity for skills development and a chance to build networks within the industry.

Completing a degree in Communications & Media along with Sport & Recreation Management will complement your management skills with the ability to communicate using a variety of platforms to reach a broad and diverse audience. The Bachelor of Communications & Media lets you explore the principles and techniques of communications and media by examining and creating print, non-print and multimedia texts using traditional, new, and emerging media technologies. You can tailor the program to your particular interest by majoring in Journalism, Film and Screen Production or Photography.

Upon graduation, you will have the skills necessary for a management position in the sport and recreation sector - initially at the operational level and progressing through to senior management positions. This means you can work in various industries and areas, including player and recreation centre management, professional sporting clubs, sporting and recreation associations, and various government departments dealing with health and recreation.

## **Real-world experience**

You will learn from academics who are industry leaders and, through our practicum placements and internship programs, you will gain real professional experience and make valuable contacts with potential employers.

## **Study abroad**

A global perspective adds a valuable dimension to your university education. At Notre Dame University you can study while experiencing the world. We encourage students to become active global citizens through a range of exchange programs, professional placements, study tours, and volunteer opportunities. Visit [International Opportunities](https://www.notredame.edu.au/study/international-students) (<https://www.notredame.edu.au/study/international-students>) to find out more.

## **Fees and costs**

This Program has the following loan scheme(s) available for eligible students:

## **Commonwealth Supported Place (CSP)**

A Commonwealth Supported Place (CSP) is a place at a university where the Australian Government pays part of your fees. This part is a subsidy, not a loan, and you don't have to pay it back. However, this subsidy does not cover the entire cost of your study. Students must pay the rest, which is called the 'student contribution amount'.

In a Commonwealth Supported Place, your fees are subsidised by the Australian Government. Your fees will be split into two portions:

The Commonwealth contribution, which is the portion paid by the Australian Government.

The student contribution, which is the portion you pay. You may choose to pay upfront or defer your student contribution with a HECS-HELP Loan. The [HECS-HELP loan scheme \(https://www.studyassist.gov.au/preview-link/node/106/5de65e70-6656-4297-a79d-19fd4a6deadd\)](https://www.studyassist.gov.au/preview-link/node/106/5de65e70-6656-4297-a79d-19fd4a6deadd) assists eligible students with the payment of all, or part, of their tuition fees, not including additional study costs such as accommodation or textbooks. Your HECS-HELP debt will be indexed each year in line with the Consumer Price Index.

Eligible students will be offered a CSP - you do not need to apply.

## **International Full-Fee Paying**

Tuition costs depend on an international student's study load and discipline. Fees are payable each semester at least four weeks prior to the commencement of your program.

For indicative fees and information on how to pay, including Government loan schemes and our online calculator, visit our [Fees, costs and scholarships page](https://www.notredame.edu.au/study/fees-costs-and-scholarships) (<https://www.notredame.edu.au/study/fees-costs-and-scholarships>).
