Bachelor of Sport & Recreation Management

Do you love the worlds of sports and recreation? If so, you've come to the right place. The University of Notre Dame Australia's Bachelor of Sport & Recreation Management is a specialist degree that enables students to study the management of human and physical resources and facilities in the sport and recreation industries. You will gain a sound knowledge of the bio-physical, behavioural and socio-cultural foundations of sport and physical activities, combined with a range of management skills and knowledge necessary to work in various sports and recreation professions. Contact us today to find out more.

Why study this degree?

At the University of Notre Dame Australia, we are dedicated to delivering a high-quality, ethical, and practical education that will prepare our graduates for a successful career in the sports and recreation industry. During this three-year degree, you will develop essential skills and knowledge in accounting, marketing, management and communication. In addition, you will also specialise in sport and recreation-specific content such as Events Management, Physical Activity and Health, Psycho-social Aspects of Sport and Physical Activity and The Australian Sports System.

This program is designed to give you the skills to manage recreation and sporting organisations and staff and to adapt and thrive in rapid and pervasive economic, social and technological change environments. You will also learn how to

manage individual sporting and recreational agendas and, more broadly, oversee the community's sports and recreational facilities and resources.

Upon graduation, you will have the skills necessary for a management position in the sport and recreation sector - initially at the operational level and progressing through to senior management positions. This means you can work in various industries and areas, including player and recreation centre management, professional sporting clubs, sporting and recreation associations, and various government departments dealing with health and recreation.

Fees and costs

This Program has the following loan scheme(s) available for eligible students:

Commonwealth Supported Place (CSP)

A Commonwealth Supported Place (CSP) is a place at a university where the Australian Government pays part of your fees. This part is a subsidy, not a loan, and you don't have to pay it back. However, this subsidy does not cover the entire cost of your study. Students must pay the rest, which is called the 'student contribution amount'.

In a Commonwealth Supported Place, your fees are subsidised by the Australian Government. Your fees will be split into two portions:

The Commonwealth contribution, which is the portion paid by the Australian Government.

The student contribution, which is the portion you pay. You may choose to pay upfront or defer your student contribution with a HECS-HELP Loan. The [HECS-HELP loan scheme \(https://www.studyassist.gov.au/preview-link/node/106/5de65e70-6656-4297-a79d-19fd4a6deadd\)](https://www.studyassist.gov.au/preview-link/node/106/5de65e70-6656-4297-a79d-19fd4a6deadd) assists eligible students with the payment of all, or part, of their tuition fees, not including additional study costs such as accommodation or textbooks. Your HECS-HELP debt will be indexed each year in line with the Consumer Price Index.

Eligible students will be offered a CSP – you do not need to apply.

International Full-Fee Paying

Tuition costs depend on an international student's study load and discipline. Fees are payable each semester at least four weeks prior to the commencement of your program.

For indicative fees and information on how to pay, including Government loan schemes and our online calculator, visit our [Fees, costs and scholarships page](https://www.notredame.edu.au/study/fees-costs-and-scholarships) (<https://www.notredame.edu.au/study/fees-costs-and-scholarships>).
